Home movies and pictures are such prized possessions; don't leave it to chance that they will make it through the years all in one piece. Learn how to create DVDs and CDs of your most important home movies and digital pictures to preserve your memories forever with Easy Creating CDs and DVDs, Second Edition . With this book, you will cover all of the basics, using the most popular programs, such as Windows Media Player and Easy Media Creator, with clear explanations and illustrations that will teach you how to produce "greatest hits" audio CDs or DVDs, just like the Hollywood studios. You'll also get trial versions of Nero and Easy Media Creator software with the included CD. Learn to back-up your

home movies to DVD, organize your digital photos on CD and create audio CDs from your home music collection with Easy Creating CDs and DVDs, Second Edition . Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave. Pete the Nerd covers every inch of ground possible in this easy-to-read and easy-to-follow guidebook to speeding up slow computers. Computer beginners can follow step-by-step instructions, and more advanced computer users will enjoy the systemic separation of fact versus fiction in speed-up strategies. The name of the game is "every little bit helps," so as the chapters progress, readers can implement as many or as few of the approaches as they wish. From tiny tweaks to dramatic, sweeping changes, Pete gives a wide range of options that cater to different computer users' personal levels of comfort with troubleshooting. Instead of a simple list of techniques, read about the rationale behind the speed-up expectation, and make an educated decision which combination of tips and tricks works for you. You deserve to stop all the waiting, so take your computer from a whirring heap of frustration to a quietly humming, efficient machine. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. These days, nobody really wants to take the time to learn everything there is about a software product like Roxio Easy Media Creator. And even if you did, who has the time to endlessly tinker and play with it until you figure

everything out? You just want a book that will quickly show you how to do things with Easy Media Creator - things that aren't already covered in the accompanying documentation, and things you can't just figure out on your own. Roxio Easy Media Creator in a Snap is designed specifically for today's digital media enthusiast: *Somebody who's new to Roxio Easy Media Creator, but not new to computers *Somebody who doesn't have time for long-winded, mind-numbing explanations - and certainly no time or patience for bad jokes Organized into a series of well-organized, bite-sized, quickly accomplished tasks, the book lets the reader zero right in on the one particular task he or she wants to accomplish, quickly figure out what to do, do it, and then get back to work. Author Lisa DaNae Dayley shows users how to organize, edit, and share digital photos, video, and audio. Home movies and pictures are such prized possessions; don't leave it to chance that they will make it through the years all in one piece. Learn how to create DVDs and CDs of your most important home movies and digital pictures to preserve your memories forever with Easy Creating CDs and DVDs, Second Edition. With this book, you will cover all of the basics, using the most popular programs, such as Windows Media Player and Easy Media Creator, with clear explanations and illustrations that will teach you how to produce "greatest hits" audio CDs or DVDs, just like the Hollywood studios. You'll also get trial versions of Nero and Easy Media Creator software with the included CD. Learn to back-up your home movies to DVD, organize your digital photos on CD and create audio CDs from your home music collection with Easy

Discover how to Quickly navigate the Creator 8 suite Copy data with Drag-to-Disc Schedule regular backups Produce slideshows with background music Build media projects with task Assistants Create DVDs with audio, video, and photos PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. Sure, you know how to use the MLS database, but do you know how to effectively establish a Web presence or do customer outreach via email or the Web? There are all kinds of ways you can use technology to market your practice and service your clients, but if you're like most realtors you've probably only scratched the surface. In this easy-to-understand guide, author Galen Gruman draws on his more than 20 years of experience as a tech-industry author and journalist to show you

how to become a better real estate agent by learning and effectively using current computer technology and tools in your business. You'll learn what technology to use as well as what technology not to use, so that you're certain to spend your tech dollars effectively. In major sections on marketing, communications, and transaction management, Galen covers everything from the elements of a good Web site to evaluating devices and services, working in multiple locations, creating transaction libraries, using digital photography, converting documents to electronic forms, and more. This book also includes a CD-ROM for both Windows and Mac with templates, product and technology links, tryout and free software tools, and even quizzes for use in classroom and training environments. Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave. Most computer documentation is based on the assumption that the computer's owner already knows something beyond the basics about computer operation. The Complete Idiot's Guide® to Computer Basics, Fifth Edition, assumes differently. This book places the reader in charge of the computer, rather than the other way around, and correctly identifies that the reader wants to do something practical with his or her computer but has little knowledge for doing so. In The Complete Idiot's Guide® to Computer Basics, Fifth Edition, readers will find- Clear

explanations of the basics of office programs. Ways to tap the power of the Internet. Information on finding lost or misplaced files. Coverage of newsgroups, message boards, and mailing lists. The basics of working with music, photos, and video on your computer. Ways to help protect the environment with green computing, as well as maintenance and upgrading. PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology. PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.
