"Sparks fly when American good girl Allyson encounters laid-back Dutch actor Willem, so she follows him on a whirlwind trip to Paris, upending her life in just one day and prompting a year of self-discovery and the search for true love."-- Ann Hodgman
is a funny lady. In this book,

she explains how she got that way. But the book only goes up through sixth grade. After that, her life became so embarrassing that writing it down would have caused the pages to burst into flames. Adam Silvera reminds us that there's no life without death and no love without loss in this devastating yet uplifting story about two people whose lives change over the course of one unforgettable day. #1 New York Times bestseller * 4 starred reviews * A School Library Journal Best Book of the Year * A Kirkus Best Book of the Year * A Booklist Editors' Choice * A Bustle Best YA Novel * A Paste Magazine

Best YA Book * A Book Riot Best Queer Book * A Buzzfeed Best YA Book of the Year * A BookPage Best YA Book of the Year On September 5, a little after midnight, Death-Cast calls Mateo Torrez and Rufus Emeterio to give them some bad news: They're going to die today. Mateo and Rufus are total strangers, but, for different reasons, they're both looking to make a new friend on their End Day. The good news: There's an app for that. It's called the Last Friend, and through it, Rufus and Mateo are about to meet up for one last great adventure—to live a lifetime in a single day. In the tradition of *Before I Fall* and *If I Stay*,

They Both Die at the End is a tour de force from acclaimed author Adam Silvera, whose debut, *More Happy Than Not*, the New York Times called “profound.” Plus don't miss *The First to Die at the End*: #1 New York Times bestselling author Adam Silvera returns to the universe of international phenomenon *They Both Die at the End* in this prequel. New star-crossed lovers are put to the test on the first day of Death-Cast's fateful calls. “A highly original, moving, and ultimately life-affirming book.” – Sunday Mirror (London) Twenty-four-year-old Veronika seems to have everything –

youth and beauty, boyfriends and a loving family, a fulfilling job. But something is missing in her life. So, one cold November morning. She takes a handful of sleeping pills expecting to never wake up. But she does—at a mental hospital where she is told that she has only days to live. Inspired by events in Coelho's own life, *Veronika Decides to Die* questions the meaning of madness and celebrates individuals who do not fit into patterns society considers to be normal. Bold and illuminating, it is a dazzling portrait of a young woman at the crossroads of despair and liberation, and a poetic, exuberant

appreciation of each day as a renewed opportunity. In 2019, Singapore had 400 reported suicides, with an increasing number of young people choosing to take their lives. Synopsis It is estimated that 800,000 people globally kill themselves every year. Our post pandemic world, with its numerous disruptions, has also forced more people to seek help for mental health issues. While much has been said about the toll on mental health, there is little understanding of why people choose to kill themselves, especially when many, like celebrities Anthony Bourdain and Kate

Spade had so much to live for. Author Mahita Vas has battled suicidal thoughts for all her adult life. She even lost one of those battles and tried to kill herself, only to be rescued within seconds of breathing her last. It is difficult for those left behind to understand why their loved one would choose to die. *A Good Day to Die* offers readers an intimate exploration of an anguished mind, weaving personal experience with academic reports. 'Action-packed, gripping, and wildly entertaining . . . Amen Alonge is a powerful new voice in thriller writing and a talent to watch' ADAM HAMDY Meet

Pretty Boy. Vengeance is on his mind. His real name: Unknown His code of conduct: Don't be a pawn in someone else's game. Never underestimate the enemy. Above all, survive. There is no glory in death. His mission: It's been ten years since Pretty Boy left the big city - today he's back. No one knows why, but it's clear that revenge is on his mind: he is determined to make the person responsible for his exile from the London scene finally pay. But his plans seem derailed when he takes possession of a bracelet, unaware that its original owner has set a high price for its safe return.

Suddenly, the hunter becomes the hunted and Pretty Boy will have to find out if it is indeed a 'good day to die'. Jam-packed with action, an unforgettable cast of characters and peppered with dry humour, *A Good Die To Die* marks the arrival of a fresh and exciting new voice in thriller writing. This argues that death can be a creative experience rather than something to be feared. It discusses the psychological need for grieving and suggests how the bereaved might be more aware of their own needs as well as those of their loved one, and insists that how we live is crucial to how we die. Revised edition of

the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it

was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these

regrets are and how we can positively address these issues while we still have the time. *The Top Five Regrets of the Dying* gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live. While the mainstays of the Justice League—Superman, Green Lantern and Wonder Woman—battle the worldwide infection in the pages of *DCEASED*, a group of other heroes work to stop the impending apocalypse—no matter who they have to kill! Mr. Terrific assembles a motley group of

surviving heroes including Mister Miracle, Big Barda, John Constantine, Blue Beetle and Booster Gold as they attempt to fight back against the tide of death. Can this ragtag group save the world where the Justice League has thus far failed? A divided Texas town must band together to face a terrifying Comanche threat in this action-packed Western by the authors of *Savage Texas*. In Hangtree, Texas, any day could be your last. For on the heels of the Civil War, Hangtree is drawing gamblers, fast women, and faster gunmen. Amidst the brawls and shooting, the land-grabbing and card-sharking, two

men barely hold the boomtown together: Yankee Sam Heller and Texan Johnny Cross. Heller and Cross can't stand the sight of each other. And Hangtree needs them more than ever. A Comanche named Red Hand is blazing across the state, leaving a trail of bloodshed and destruction—and Hangtree is right in his path. For a town bitterly divided, for Heller and Cross, the time has come to stand shoulder to shoulder and fight for their little slice of heaven. A series of eyewitness accounts of the 1876 Battle of the Little Bighorn and the defeat of General Custer as told by Native American participants in the

war. From the author of *Fire and Fortitude*, a white-knuckle account of the 1st Infantry Division's harrowing D-Day assault on the eastern sector of Omaha Beach--acclaimed historian John C. McManus has written a gripping history that will stand as the last word on this titanic World War II battle. Nicknamed the Big Red One, 1st Division had fought from North Africa to Sicily, earning a reputation as stalwart warriors on the front lines and rabble-rousers in the rear. Yet on D-Day, these jaded combat veterans melded with fresh-faced replacements to accomplish one of the most

challenging and deadly missions ever. As the men hit the beach, their equipment destroyed or washed away, soldiers cut down by the dozens, courageous heroes emerged: men such as Sergeant Raymond Strojny, who grabbed a bazooka and engaged in a death duel with a fortified German antitank gun; T/5 Joe Pinder, a former minor-league pitcher who braved enemy fire to save a vital radio; Lieutenant John Spalding, a former sportswriter, and Sergeant Phil Streczyk, a truck driver, who together demolished a German strong point overlooking Easy Red, where

hundreds of Americans had landed. Along the way, McManus explores the Gap Assault Team engineers who dealt with the extensive mines and obstacles, suffering nearly a fifty percent casualty rate; highlights officers such as Brigadier General Willard Wyman and Colonel George Taylor, who led the way to victory; and punctures scores of myths surrounding this long-misunderstood battle. *The Dead and Those About to Die* draws on a rich array of new or recently unearthed sources, including interviews with veterans. The result is history at its finest, the unforgettable story

of the Big Red One's nineteen hours of hell--and their ultimate triumph--on June 6, 1944. #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. *Liesel Meminger* is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she

encounters something she can't resist--books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS

BRIDGE OF CLAY,
MARKUS ZUSAK'S
FIRST NOVEL
SINCE THE BOOK
THIEF. From the
bestselling author
of Burying the
Honeysuckle Girls
comes a riveting
novel about a
mother and
daughter separated
by grief, secrets,
and a conspiracy
that threatens to
destroy their lives.
If there's a healthy
way to grieve, Erin
Gaines hasn't found
it. After her
husband's sudden
death, the runaway
success of the tech
company they built
with their best
friends has become
overwhelming. Her
nerves are frayed,
she's disengaged,
and her frustrated
daughter, Shorie, is
pulling away from
her. Maybe Erin's
friends and family

are right. Maybe a
few weeks at a spa
resort in the
Caribbean islands is
just what she needs
to hit the reset
button... Shorie is
not only worried
about her mother's
mental state but
also for the future
of her parents'
company.
Especially when she
begins to suspect
that not all of Erin's
colleagues can be
trusted. It seems
someone is
spinning an
intricate web of
deception--the
foundation for a
conspiracy that is
putting everything,
and everyone she
loves, at risk. And
she may be the only
one who can stop it.
Now, thousands of
miles away in a
remote, and
oftentimes
menacing, tropical

jungle, Erin is
beginning to have
similar fears.
Things at the resort
aren't exactly how
the brochure
described, and
unless she's losing
her mind, Erin's
pretty sure she
wasn't sent there to
recover--she was
sent to disappear.
Conversations
about death don't
have to be morbid.
Following the
'Positive Death
Movement' and
public education
such as Death
Cafés, many of us
yearn to speak
more openly about
dying and death in
ways that are more
natural and direct.
21 Days to Die was
written in that
spirit, in the hope
that all Canadians
will come to
recognize the signs
of physical death

and the sequence to facilitate necessary conversations and better timely decision-making. The book addresses both the medical and advanced care planning aspects, but also aspects such as psychosocial needs, grief work, rites of passage and much more. Written by a social worker and lay Buddhist Chaplain, *21 Days to Die* inspires fearlessness in the face of seeing what doesn't want to be seen. Under these circumstances the mindfulness practices of being fully present in the moment and remembering the impermanence of all living things are both universal and calming. Dying people deserve

loved ones who are prepared to take the journey with them to their final breaths with their eyes wide open. Resources - 18 practical lists encapsulating key points from the book - 35 essential Canadian end-of-life resources with QR codes for easy, on-the-spot access Award-winning combat journalist Sean Naylor reveals a firsthand account of the largest battle fought by American military forces in Afghanistan in an attempt to destroy al-Qaeda and Taliban forces. At dawn on March 2, 2002, America's first major battle of the 21st century began. Over 200 soldiers of the 101st Airborne and 10th Mountain

Division flew into Afghanistan's Shah-i-Kot Valley—and into the mouth of a buzz saw. They were about to pay a bloody price for strategic, high-level miscalculations that underestimated the enemy's strength and willingness to fight. Naylor, an eyewitness to the battle, details the failures of military intelligence and planning, while vividly portraying the astonishing heroism of these young, untested US soldiers. Denied the extra support with which they trained, these troops nevertheless proved their worth in brutal combat and prevented an American military disaster. "The Day I Die is a major work of nonfiction that

tackles the one issue we'll all eventually come to face-our final days, hours, and minutes. With clarity and empathy, award-winning anthropologist Anita Hannig uncovers the stigma against the practice of assisted dying, untangles the legalities and logistics of pursuing an assisted death in America today, and profiles the dedicated advocates and medical personnel involved. In intimate, lyrical detail, Hannig explains why someone might choose an assisted death and how that decision impacts their loved ones. In a time when nearly 80 percent of

Americans die in hospitals and nursing homes, medical assistance in dying could transform the way we die for the better, allowing more people to define the terms of their own death"-- This riveting debut thriller shows what happens when every mother's nightmare comes true. "'Five Days in Summer'" has it all-- an attractive female detective, a crusty FBI profiler, and the scariest killer you'll never want to meet."--Leslie Glass, author of "The Killing Gift." Original. From the physician behind the wildly popular NutritionFacts website, How Not to Die reveals the groundbreaking scientific evidence

behind the only diet that can prevent and reverse many of the causes of disease-related death. The vast majority of premature deaths can be prevented through simple changes in diet and lifestyle. In How Not to Die, Dr. Michael Greger, the internationally-renowned nutrition expert, physician, and founder of NutritionFacts.org, examines the fifteen top causes of premature death in America--heart disease, various cancers, diabetes, Parkinson's, high blood pressure, and more--and explains how nutritional and lifestyle interventions can sometimes trump prescription pills and other

pharmaceutical and surgical approaches, freeing us to live healthier lives. The simple truth is that most doctors are good at treating acute illnesses but bad at preventing chronic disease. The fifteen leading causes of death claim the lives of 1.6 million Americans annually. This doesn't have to be the case. By following Dr. Greger's advice, all of it backed up by strong scientific evidence, you will learn which foods to eat and which lifestyle changes to make to live longer. History of prostate cancer in your family? Put down that glass of milk and add flaxseed to your diet whenever you can. Have high

blood pressure? Hibiscus tea can work better than a leading hypertensive drug and without the side effects. Fighting off liver disease? Drinking coffee can reduce liver inflammation. Battling breast cancer? Consuming soy is associated with prolonged survival. Worried about heart disease (the number 1 killer in the United States)? Switch to a whole-food, plant-based diet, which has been repeatedly shown not just to prevent the disease but often stop it in its tracks. In addition to showing what to eat to help treat the top fifteen causes of death, *How Not to Die* includes Dr. Greger's Daily

Dozen - a checklist of the twelve foods we should consume every day. Full of practical, actionable advice and surprising, cutting edge nutritional science, these doctor's orders are just what we need to live longer, healthier lives. "The ultimate literary bucket list." —THE WASHINGTON POST Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that's as compulsively readable, entertaining, surprising, and enlightening as the 1,000-plus titles it recommends. Covering fiction, poetry, science and science fiction,

memoir, travel writing, biography, children's books, history, and more, 1,000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation, You have to read this. But it's not a proscriptive list of the "great works"—rather, it's a celebration of the glorious mosaic that is our literary heritage. Flip it open to any page and be transfixed by a fresh take on a very favorite book. Or come across a title you always meant to read and never got around to. Or, like browsing in the best kind of

bookshop, stumble on a completely unknown author and work, and feel that tingle of discovery. There are classics, of course, and unexpected treasures, too. Lists to help pick and choose, like Offbeat Escapes, or A Long Climb, but What a View. And its alphabetical arrangement by author assures that surprises await on almost every turn of the page, with Cormac McCarthy and The Road next to Robert McCloskey and Make Way for Ducklings, Alice Walker next to Izaak Walton. There are nuts and bolts, too—best editions to read, other books by the author, "if you like this, you'll

like that" recommendations, and an interesting endnote of adaptations where appropriate. Add it all up, and in fact there are more than six thousand titles by nearly four thousand authors mentioned—a life-changing list for a lifetime of reading. "948 pages later, you still want more!" —THE WASHINGTON POST "An utterly unique thriller that combines horror movies, hurricanes, and deadly secrets from the past...definitely not to be missed" ? David Bell, USA Today bestselling author of The Finalists For fans of Riley Sager with a classic slasher twist comes a chilling thriller set on an

iconic horror movie mansion and the woman trying to survive a second time... One movie set. One stranded cast. One person ready to make them all pay. For Lexi, the Pinecrest Estate has become a place of horror. The dilapidated manor house in the Florida Keys, once the site of her teenage movie debut, is now haunted by memories of working on a legendary horror director's most famous film and of the terrible death that propelled them all to infamy. And ever since Lexi fled the Keys, she has vowed to never return. Until, years later, her daughter escapes to the Pinecrest in search

of answers. Right when a Category 4 hurricane hits the southern coast. Now, Lexi is back on the ravaged island with only a few remaining behind, and soon enough, her life begins to resemble the plot of her most famous film. And this time, she's not sure who will make it out alive. "A love letter to cinema and family. R. J. Jacobs is a masterful storyteller. A must read." ? Alex Finlay, author of *The Night Shift* and *Every Last Fear* "A must-read for anyone interested in moving from inspiration to action." —Cal Newport, author of *So Good They Can't Ignore You* Most of us fill our days with frantic activity,

bouncing from task to task, scrambling to make deadlines and chase the next promotion. But by the end of each day we're often left wondering if any of it really mattered. We feel the ticking of the clock, but we're unsure of the path forward. *Die Empty* is a tool for people who aren't willing to put off their most important work for another day. Todd Henry explains the forces that lead to stagnation and introduces practices that will keep you on a true and steady course. The key is embracing the idea that time is finite, so you should focus on the unique contribution to the world that only you can make. Henry

shows how to sustain your enthusiasm, push through mental barriers, and unleash your best work each day. Stay-at-home mom Sarah Johnson has the perfect family's handsome, hardworking husband and two healthy and beautiful children. At least, that's what she's been telling herself for years. After the tragedies in her youth, Sarah deemed living a lie easier than dwelling on the past and facing her everyday failures. To avoid any kind of confrontation at home she doesn't read her husband's emails or spy on him like most jealous wives do. She wouldn't jeopardize her

comfortable but dull life for anything. But Sarah's world is about to crumble around her when she receives a phone call from a man with a heavy foreign accent telling her that her perfect husband has put a price on her head. She is offered two weeks to come up with a counteroffer or die. "Mr. Harrison's perceptions are jagged and cutting . . . a remarkably well-plotted story."—Christophe r Lehmann-Haupt, *The New York Times* The New York Times bestselling author of thirty-nine books of fiction, non-fiction, and poetry—including *Legends of the Fall*, *Dalva*, and

Returning to Earth—Jim Harrison was one of our most beloved and acclaimed writers, adored by both readers and critics. His novel *A Good Day to Die* centers on an unlikely trio: a poet with a tendency to lapse into beatific reveries of superb fishing in cold, fast streams; a Vietnam vet consumed by uppers, downers, and violence; and a girl who loved only one of them—at first. With plans conceived during the madness of one long drunken night, the three of them leave Florida, driving west to buy a case of dynamite, determined to save the Grand Canyon from a dam they believe is about to be built. *A Good*

Day to Die is an unrelenting tour de force, and a dark exploration of what it means to live beyond the pale in contemporary America. An intimate investigation of assisted dying in America and what it means to determine the end of our lives. In this groundbreaking book, award-winning cultural anthropologist Anita Hannig brings us into the lives of ordinary Americans who go to extraordinary lengths to set the terms of their own death. Faced with a terminal diagnosis and unbearable suffering, they decide to seek medical assistance in dying—a legal option now

available to one in five Americans. Drawing on five years of research on the frontlines of assisted dying, Hannig unearths the uniquely personal narratives masked by a polarized national debate. Among them are Ken, an irreverent ninety-year-old blues musician who invites his family to his death, dons his best clothes, and goes out singing; Derianna, a retired nurse and midwife who treks through Oregon and Washington to guide dying patients across life's threshold; and Bruce, a scrappy activist with Parkinson's disease who fights to expand access to the law, not

knowing he would soon, in an unexpected twist of fate, become eligible himself. Lyrical and lucid, sensitive but never sentimental, *The Day I Die* tackles one of the most urgent social issues of our time: how to restore dignity and meaning to the dying process in the age of high-tech medicine. Meticulously researched and compassionately rendered, the book exposes the tight legal restrictions, frustrating barriers to access, and corrosive cultural stigma that can undermine someone's quest for an assisted death—and why they persist in achieving the departure they

desire. The Day I Die will transform the way we think about agency and closure in the face of death. Its colorful characters remind us what we all stand to gain when we confront the hard—and yet ultimately liberating—truth of our mortality. From the time he was a small child Serge Gasore has been a runner. Some days he was running to play, some days he was running to school, some days he was running for a prize, but some days he was running for his life. In My Day to Die: Running for My Life, Gasore details the story of his life beginning with his early childhood when his mother was murdered

when Gasore was only four years old. His story continues through his later childhood as Gasore struggled for survival during the Rwandan genocide, which occurred when he was eight years old. His story describes some of the horrors he faced, including watching his grandmother die during an ambush grenade attack by the Hutu army on the church where they, and other Tutsis, were hiding. Gasore tells of neighbors and friends turning against him for the mere fact he was a Tutsi and they were Hutu. He tells of weeks of running from the enemy, hiding among the bamboo bushes. His story continues as

Gasore details his time in the army as a child, not even 10 years old yet, and his adjustment to life in a new world after the war. As he grew up and moved into high school, Gasore channeled his love for running into a tool for advancing his future. His love of running became a career opportunity and brought him to the United States. Gasore continues his story as he attended Abilene Christian University in Abilene, Texas, on a track scholarship. It was there, in the slow pace of a dusty, West Texas town, that Gasore came to know a loving God and headed down a path of forgiving those who had caused him so

much pain and harm. #1 AMAZON BESTSELLING MEDICAL THRILLER Red Sparrow meets Inferno in Matt Miksa's debut which electrifies a Cold War spirit with fresh, modern-day expertise as our heroes wrestle society's darkest nightmares. In a far-flung Tibetan village, prayer flags flap against whitewashed houses and a majestic monastery stretches to heaven. It's Shangri-La--the earthly paradise--until a stranger staggers out of the forest and collapses into a bloody, lifeless mass. He's the first victim of a crippling epidemic, but he's no ordinary man. Olen Grave, an American

intelligence officer, heads directly into the hot zone to investigate. Posing as a journalist, he joins the Chinese research team, led by a headstrong female virus hunter, Dr. Zhou Weilin. Together, the unlikely allies discover that Patient Zero was a spy who deliberately infected himself. But why? Who did he work for? As Olen and Dr. Zhou rush to uncover the shocking truth behind the epidemic, they unravel a twisted conspiracy that reaches from Beijing's great halls to Washington's corridors of power. With the superpowers now at the brink of war, the fate of the

world will rest on the duo's shoulders. The explosive finale to Marie Lu's New York Times bestselling LEGEND trilogy—perfect for fans of THE HUNGER GAMES and DIVERGENT! He is a Legend. She is a Prodigy. Who will be Champion? June and Day have sacrificed so much for the people of the Republic—and each other—and now their country is on the brink of a new existence. June is back in the good graces of the Republic, working within the government's elite circles as Princeps Elect while Day has been assigned a high level military position. But neither could have predicted the

circumstances that will reunite them once again. Just when a peace treaty is imminent, a plague outbreak causes panic in the Colonies, and war threatens the Republic's border cities. This new strain of plague is deadlier than ever, and June is the only one who knows the key to her country's defense. But saving the lives of thousands will mean asking the one she loves to give up everything he has. With heart-pounding action and suspense, Marie Lu's bestselling trilogy draws to a stunning conclusion. The Gap series comes to a shattering climax in a cataclysmic showdown that will mean either the

survival of all humankind . . . or its absorption and annihilation. Drifting in space, sabotaged by a crewman tainted with an alien mutagen, the starship Trumpet broadcasts to any ship in range the formula of the mutagen's antidote—a drug the United Mining Companies has suppressed for its own sinister purposes. Aboard the crippled ship, the fugitives and survivors—Morn Hyland, an ex-UMCP cop, Angus Thermopyle, a newly freed cyborg, and unwilling saboteur Ciro Vasaczk—must make a desperate gamble. Pursued by the UMCP ship Punisher,

threatened by the return of an Amnion combat vessel, they will hijack the police craft by any means necessary—and take it back to Earth. A pictorial look at the making of the James Bond film "Die Another Day." #1 AMAZON BESTSELLING MEDICAL THRILLER Red Sparrow meets Inferno in Matt Miksa's debut which electrifies a Cold War spirit with fresh, modern-day expertise as our heroes wrestle society's darkest nightmares. With the superpowers now at the brink of war, the fate of the world will rest on the duo's shoulders. BEGINNING AN ALL-NEW SERIES OF KLINGON™ ADVENTURES! These are the voyages of the Klingon Defense Force vessel I.K.S. Gorkon, part of the mighty new Chancellor class. Its mission: to explore strange new worlds...to seek out new life and new civilizations... ..and to conquer them for the greater glory of the Klingon Empire! Newly inducted into the prestigious

Order of the Bat'leth, Captain Klag, son of M'Raq, leads the crew of the Gorkon into the unexplored Kavrot Sector to find new planets on which to plant the Klingon flag. There, they discover the Children of San-Tarah, a species with a warrior culture that rivals -- and perhaps exceeds -- the Klingons' own, living on a planet that would be a great addition to the Empire. Klag could call in General Talak's fleet to bring the world under the Klingons' heel -- but the San-Tarah offer Klag a challenge he cannot refuse. The Gorkon crew and the San-Tarah will engage in several martial contests. If

the Klingons lose, they will go and never trouble the planet again -- but if they are victorious, the San-Tarah will cede themselves to the Empire, and Klag will have singlehandedly conquered an entire world! The first tale in a glorious adventure that will be remembered in song and story throughout the Empire! Originally published in hardcover in 1972, *A Day No Pigs Would Die* was one of the first young adult books, along with titles like *The Outsiders* and *The Chocolate War*. In it, author Robert Newton Peck weaves a story of a Vermont boyhood that is part fiction, part memoir. The

result is a moving coming-of-age story that still resonates with teens today. In this prequel to the bestselling phenomenon *They Both Die at the End*, two new strangers spend a life-changing day together after Death-Cast first makes their fateful calls. #1 New York Times bestseller! It's the night before Death-Cast goes live, and there's one question on everyone's mind: Can Death-Cast actually predict when someone will die, or is it just an elaborate hoax? Orion Pagan has waited years for someone to tell him that he's going to die. He has a serious heart condition, and he signed up for

Death-Cast so he could know what's coming. Valentino Prince is restarting his life in New York. He has a long and promising future ahead and he only registered for Death-Cast after his twin sister nearly died in a car accident. Orion and Valentino cross paths in Times Square and immediately feel a deep connection. But when the first round of End Day calls goes out, their lives are changed forever—one of them receives a call, and the other doesn't. Though neither boy is certain how the day will end, they know they want to spend it together...even if that means their goodbye will be heartbreaking. Told

with acclaimed author Adam Silvera's signature bittersweet touch, this story celebrates the lasting impact that people have on each other and proves that life is always worth living to the fullest. * A Publishers Weekly Best Book of the Year * When Dennis Milne--now living under an assumed identity in the Philippines--hears that his old friend and colleague Malik has been gunned down in a restaurant, he decides to go back to the violent city he once called home and bring the murderer to justice. Milne arrives in a pre-Christmas London that is cold and hostile. But he is no longer a

policeman; no longer charged with keeping the peace and upholding the law. Although his old friends at the King's Cross station do not know that Milne is back in town, it soon becomes clear that his arrival has been expected by men who are after his blood. Hungry for revenge and determined to uphold his own very rough brand of justice, Milne searches for the person behind his friend's demise--and leaves a trail of death and destruction more wide-reaching than even he could have expected. On the night of 10-11 May 1996, eight climbers perished in what remains the worst disaster in

Everest's history. Following the tragedy, numerous accounts were published, with Jon Krakauer's *Into Thin Air* becoming an international bestseller. But has the whole story been told? *A Day to Die For* reveals the full, startling facts that led to the tragedy. Graham Ratcliffe, the first British climber to reach the summit of Mount Everest twice, was a first-hand witness, having spent the night on Everest's South Col at 26,000 ft, sheltering from the deadly storm. For years, he has shouldered a burden of guilt, feeling that he and his teammates could have saved lives that fateful night. His quest for

answers has led to discoveries so important to an understanding of the disaster that he now questions why these facts were not made public sooner. History is dotted with high-profile disasters that both horrify and capture the attention of the public, but very rarely is our view of them revised to such devastating effect. High atop a Los Angeles skyscraper, an office Christmas party turns into a deadly cage-match between a lone New York City cop and a gang of international terrorists. Every action fan knows it could only be the explosive big-screen blockbuster Die Hard. But before Bruce Willis

blew away audiences as unstoppable hero John McClane, author Roderick Thorp knocked out thriller readers with the bestseller that started it all. A dozen heavily armed terrorists have taken hostages, issued demands, and promised bloodshed — all according to plan. But they haven't counted on a death-defying, one-man cavalry with no shoes, no backup, and no intention of going down easily. As hot-headed cops swarm outside, and cold-blooded killers wield machine guns and rocket launchers inside, the stage is set for the ultimate showdown between anti-hero and uber-

villains. Merry Christmas to all, and to all a good fight... to the death. Ho ho ho!
