The Jungle School Oct 28 2020 A People in Crisis . . . A Young Woman's Adventure . . . A School for Life The Orang Rimba (People of the Forest) are nomadic tribes living in the rainforests of Sumatra, Indonesia as hunter-gatherers. Today, the outside world has arrived at their doorstep. From illegal loggers chain-sawing the jungle to government-sponsored transmigrants working in palm oil plantations, the outsiders are encroaching upon the rainforest. While they have the skills needed to preserve their jungle, the Orang Rimba are ill prepared to deal with land contracts or sale of rainforest products. What can be done to help them? Butet Manurung shares the journal she kept during her first year in the jungle. She tells of her adventures with stinging bees, prowling bears, and motorbikes. Most touchingly, she describes

how her relationship with the Orang Rimba develops as she transforms from an outsider to a trusted teacher within the community. Her trials and errors are familiar to anyone who has ever been a teacher, even though her students often wear loincloths and trap animals for lunch. Will learning to read and write be enough to help the Orang Rimba save their rainforest? Butet tells the story of her journey from anthropologist to educator to activist. She explains how and why she founded SOKOLA to bring literacy to indigenous people in areas too remote to access education. The work of this foundation and its adventurous volunteers is an excellent example of how a small number of individuals can effect change. *The Jungle School* is now a film! Directed by Riri Riza. Praise for *The Jungle School* "The traditional wisdom of the indigenous people of Indonesia is a truth that we must preserve. At the same time, the dilemma between introducing modernity, development and education while protecting their traditional

way of life is another truth. I greatly appreciate the contribution and dedication of people like Butet Manurung who provide true insights into the Orang Rimba. The Jungle School speaks volumes from actual experience, recorded not only in an anthropological way, but also in a very human and personal way. This is a book that not only makes us realize that traditional wisdom and jungles need to be preserved, but also warms the heart.” - Mari Pangestu, Indonesia’s Minister of Tourism “The Jungle School puts a human face on the results of logging and deforestation practices that directly threaten the existence of the Orang Rimba. Although the rights of the often-forgotten Rimba people are protected by our laws, their aspirations are sometimes ignored in the management of rainforests and their resources. Education for the Rimba is truly a gift for life. Butet’s story will change the hearts and minds of those who think otherwise.” - Agus Purnomo, Special Staff to the President of the Republic of Indonesia for

Climate Change “The Jungle School comes at a critical moment in the development of the present civilization. It combats all the theoretical complexity of educational developments to smooth the process from literate society to knowledge society; welfare society to cultured and civilized society. Butet Manurung shows that the impossible is possible by touching the hearts and minds of the Orang Rimba, by reaching the unreachable soul of an indigenous community, by helping us to understand what it means to be human. She inspires readers and takes them on a journey of educational adventure that highlights best practices, which can also be applied in any metropolitan jungle that needs intellectual perseverance. Butet shows her intellectual courage, integrity and her sacrifices to become a hero of education. She exercises the intellectual virtues that we all need today to have a healthy mind-set in the pursuit of human rights and dignity. “It is in the minds of men that the defense of peace must be

constructed." (UNESCO Constitution)" - Arief Rachman, Professor,

Kaa's Hunting, Tiger! Tiger!, The White Seal, Rikki-Tikki-Tavi, Toomai of the Elephants, Her Majesty's Servants.

The Jungle Effect Nov 16 2019 Why do the relatively poor native populations in Mexico and Africa have such low levels of the chronic diseases that plague the United States? Why is the rate of seasonal affective disorder in Iceland—a country where dreary weather is the norm—so low? Why is it that older women in Okinawa have such low breast cancer rates that it is not considered cost-effective for them to get screening mammograms? The Jungle Effect has the life-changing answers to these important questions, and many more. Whether it's the heart-healthy Cretan diet, with its reliance on olive oil and fresh vegetables, the antidepressive Icelandic diet and its extremely high levels of omega-3s, the age-defying Okinawa diet and its emphasis on vegetables and fish, or the other diets explored herein, everyone who reads this book will come away with the secrets of a

longer, healthier life and the recipes necessary to put those secrets into action. The *Jungle Effect* is filled with inspiring stories from Dr. Miller's patients, quirky travel adventures, interviews with world-renowned food experts, delicious (yet authentic) indigenous recipes, and valuable diet secrets that will stick with you for a lifetime.

Into the Jungle Jun 23 2020 Featured in the New York Times Book Review Summer Reading Guide * A Crime by the Book "Most Anticipated" Novel * Featured in the New York Post Summer Round Up * Starred Publishers Weekly Review * A Publishers Weekly "Big Summer Books" * A Kirkus Reviews "Creepy Thrillers" Pick In this pulse-pounding thriller from the author of the "haunting, twisting thrill ride" (Megan Miranda, New York Times bestselling author) *The River at Night*, a young woman leaves behind everything she knows to take on the Bolivian jungle, but her excursion abroad quickly turns into a fight for her life. Lily Bushwold thought she'd found the

antidote to endless foster care and group homes: a teaching job in Cochabamba, Bolivia. As soon as she could steal enough cash for the plane, she was on it. When the gig falls through and Lily stays in Bolivia, she finds bonding with other broke, rudderless girls at the local hostel isn't the life she wants either. Tired of hustling and already world-weary, crazy love finds her in the form she least expected: Omar, a savvy, handsome local man who'd abandoned his life as a hunter in Ayachero—a remote jungle village—to try his hand at city life. When Omar learns that a jaguar has killed his four-year-old nephew in Ayachero, he gives Lily a choice: Stay alone in the unforgiving city, or travel to the last in a string of ever-more-isolated river towns in the jungles of Bolivia. Thirty-foot anaconda? Puppy-sized spiders? Vengeful shamans with unspeakable powers? Love-struck Lily is oblivious. She follows Omar to this ruthless new world of lawless poachers, bullheaded missionaries, and desperate indigenous tribes

driven to the brink of extinction. To survive, Lily must navigate the jungle--its wonders as well as its terrors—using only her wits and resilience. Primal, gripping, and terrifying, *Into the Jungle* features Erica Ferencik’s signature “visceral, white-knuckle” (Entertainment Weekly) prose that will sink its fangs into you and not let go.

Oil! Sep 07 2021 First edition of Sinclair's savage satire, loosely based on the life and career of Edward L. Doheny, and the Teapot Dome scandal of the Harding administration. Although Sinclair's famous novel *The Jungle* deals with Chicago's meatpacking industry, he moved west to Pasadena in 1916 and began writing novels set in California, the best of which was *Oil!*, the story of the education of Bunny Ross, son of wildcat oil man Joe Ross after oil is discovered outside Los Angeles. The novel was the basis for Paul Thomas Anderson's 2007 film *There Will Be Blood*. In *California Classics*, Lawrence Clark Powell called *Oil!* "Sinclair's most sustained and best writing."

The Jungle Nov 09 2021 A compelling graphic novel adaptation of Upton Sinclair's seminal protest novel that brings to life the harsh conditions and exploited existences of immigrants in Chicago's meatpacking industry in the early twentieth century. Long acclaimed around the world, Upton Sinclair's 1906 muckraking novel *The Jungle* remains a powerful book even today. Not many works of literature can boast that their publication brought about actual social and labor change, but that's just what *The Jungle* did, as it led to the passage of the Pure Food and Drug Act of 1906. In today's society, where labor and safety of the food we eat remain key concerns for all, Sinclair's shocking story still resonates. Bringing new life and energy to this classic work, adapter and illustrator Kristina Gehrmann takes Sinclair's prose and transforms it through pen and ink, allowing you to discover (or rediscover) this book and see it from a whole new perspective.

Migrants, Borders and the European Question Apr 02 2021 This book examines how the Calais Jungle posed and addressed the European Question. The issue of who and what counts as European was articulated through this makeshift camp. The book argues that the Jungle acquired meaning as a localised struggle to define territory, borders, rights and refugees in Europe. Henri Lefebvre's spatial triad is used as

a framing device for analysis. Discourses of tropicality are shown to produce the Jungle in terms of a postcolonial space of exception. This representational space fused bodies and environment in racialised ways. Attention is then drawn to assemblages that gave rise to political subjectivity, which partially elided a Eurocentric prism of rights. Here, the book explores how a 'right to the jungle' was generated via relations between refugees, aid workers and material objects—constituting the Jungle as a space of representation. Finally, intimate life in, and beyond, the Jungle is examined as a spatial practice that contests the EU border regime.

Jungle Dec 30 2020 Upton Sinclair's novel *The Jungle*, which inspired passage in 1906 of the Pure Food and Drug Act and the Meat Inspection Act, stands as a classic of twentieth-century American literature and social protest. In this accessible and thorough edition by Christopher Phelps, a critical introduction addresses the wide range of issues raised by the text, including

early twentieth-century working conditions, immigrant community, race and gender, political reform, and the continuing relevance of Sinclair's investigation. This edition uses the most widely recognized text of *The Jungle* -- the Doubleday, Page edition published in 1906 -- and provides an illuminating supporting document: President Theodore Roosevelt's delivery to Congress of the official report that confirmed *The Jungle*'s shocking allegations about the Chicago meatpacking industry. Questions for consideration, a chronology, and a selected bibliography help contextualize Sinclair's novel and provide students with resources for further study.

The Man Who Would Be King May 03 2021

The Law, as quoted, lays down a fair conduct of life, and one not easy to follow. I have been fellow to a beggar again and again under circumstances which prevented either of us finding out whether the other was worthy. I have still to be brother to a Prince, though I once came near to kinship with what might have been a veritable King and was promised the reversion of a Kingdom - army, law-courts, revenue and policy all complete. But, today, I greatly fear that my King is dead, and if I want a crown I must go and hunt it for myself. The beginning of everything was in a railway train upon the road to Mhow from Ajmir. There had been a deficit in the Budget, which necessitated travelling, not

Second-class, which is only half as dear as First-class, but by Intermediate, which is very awful indeed. There are no cushions in the Intermediate class, and the population are either Intermediate, which is Eurasian, or native, which for a long night journey is nasty; or Loafer, which is amusing though intoxicated.

Intermediates do not patronize refreshment rooms. They carry their food in bundles and pots, and buy sweets from the natives sweetmeat-sellers, and drink the roadside water. That is why in the hot weather Intermediates are taken out of the carriages dead, and in all weathers are most properly looked down upon. My particular Intermediate happened to be empty till I reached Nasirabad, when a huge gentleman in shirt-sleeves entered, and, following the custom of Intermediates, passed the time of day. He was a wanderer and a vagabond like myself, but with an educated taste for whiskey. He told tales of things he had seen and done, of out-of-the-way

corners of the Empire into which he had penetrated, and of adventures in which he risked his life for a few days' food. "If India was filled with men like you and me, not knowing more than the crows where they'd get their next day's rations, it isn't seventy millions of revenue the land would be paying - it's seven hundred million," said he; and as I looked at his mouth and chin I was disposed to agree with him. We talked politics - the politics of Loafdom that sees things from the underside where the lath and plaster is not smoothed off - and we talked postal arrangements because my friend wanted to send a telegram back from the next station to Ajmir, which is the turning-off place from the Bombay to the Mhow line as you travel westward. My friend had no money beyond eight annas which he wanted for dinner, and I had no money at all, owing to the hitch in the Budget before mentioned. Further, I was going into a wilderness where, though I should resume touch with the Treasury, there were no

telegraph offices. I was, therefore, unable to help him in any way

Jungle Night (comes with 2 free audio downloads, Yo-Yo Ma, cello) Apr 21 2020 Sandra Boynton and Yo-Yo Ma! Plus snoozing jungle animals! Two celebrated artists come together

for JUNGLE NIGHT, a soothing bedtime board book. (Okay, MOSTLY soothing.) The book guides us through the jungle to hear the distinctive, gentle snore of each animal: "Listen to the tiger: ZEEE-ZOOO-HAAA. Listen to the cheetah: CHEE-CHEE-TAAAH." A free downloadable JUNGLE NIGHT recording offers a narration of the book, with each and every animal snore interpreted by the expressive, playful cello of Yo-Yo Ma. He even does the elephant's stop-the-show snore—though admittedly that took Ma's cello PLUS the classic horn salute of the James R. Barker steamship. (Seriously.) All of this fabulousness leads into the coolest lullaby ever: "Jungle Gymnopédie No. 1", a polyrhythmic jungly arrangement by Boynton of Erik Satie's renowned piece, with Yo-Yo Ma on cello, guitar played by Ron Block of Alison Krauss Union Station, and drums by Kevin MacLeod. "Yo-Yo and I chose this piece because it's the most gorgeous and mesmerizing night song imaginable," explains Boynton. "And there

was surely nothing else that could get those animals back to sleep after that elephant blast."

Is "The Jungle" by Upton Sinclair really a city novel? Jan 19 2020 Seminar paper from the

year 2005 in the subject American Studies - Literature, grade: 1.7, University of Potsdam (Institut für Anglistik/Amerikanistik), course: HS: Zwischen White City and Slum Fiction, 6 entries in the bibliography, language: English, abstract: The question being discussed in this paper is whether or not Upton Sinclair's *The Jungle* can be regarded as one of the great city novels in American Literature. It is a rather difficult question that made me think of a painting I discovered when I was searching for literature about this topic. It can be seen at the front page of this paper. The painting is called *Ich und die Stadt* and was painted by an artist called Ludwig Meidner in 1913. It appeared along with other paintings of city impressions in a book carrying the title of Meidner's painting, *Ich und die Stadt*. The painting is supposed to be depicting a person and his city, but is that really what the viewer can see? Is it not a mere chaos that is presenting itself in this piece of art? There are houses,

telegraphing poles, chimneys, patches of green, smoke, streets and in the front we can see a face. It is looking at us, the observer of the painting, in a little provocative way. The interpreters of the painting used a quote by Meidner himself that can be found in his book *Im Nacken das Sternenmeer* (1918). To express his thoughts about this face in the painting, he said: "Was peitscht mich denn so in die Stadt hinein? Was ras ich verrückt heerstraßenlang?...". An this is what most people wonder about the city, why is this place like a magnet? The painting is drawn with sudden strokes of the paintbrush, reflecting the impulsiveness of the city, the speed, which is part of the city. The painting does not express any calmness, there are no places to rest the eye on. What I also found striking is that there is no symbiosis between human being and the city, they are in the same painting but do not seem to be forming a unit. The thought I had when I looked at the painting was that for me it

represented Jurgis and Chicago. Jurgis as the lost face in the front of the painting being put in the centre of attention without even wanting to be there and in the back, Chicago a city of chaos. Jurgis, the face, seems to be wondering if he should really dive into that chaos; maybe this is the moment where he last looks back on what he is leaving behind before going in the city. And is that painting really depicting a city or is it depicting the person, wanting to be in the city? And is *The Jungle* really depicting the city or is it depicting what the city does to its inhabitants? Or is that the same? In this paper I will focus on Sinclair's description of Chicago in *The Jungle*. [...]

The Jungle Aug 18 2022 "Practically alone among the American writers of his generation, [Sinclair] put to the American public the fundamental questions raised by capitalism in such a way that they could not escape them." —Edmund Wilson When it was first published in 1906, *The Jungle* exposed the inhumane

conditions of Chicago's stockyards and the laborer's struggle against industry and "wage slavery." It was an immediate bestseller and led to new regulations that forever changed workers' rights and the meatpacking industry. A direct descendant of Dickens's *Hard Times*, it remains the most influential workingman's novel in American literature.
