This book will be an exciting adventure for your kid! The New York Times bestselling author of *The Year of Living Biblically* goes on a rollicking journey to understand the enduring power of puzzles: why we love them, what they do to our brains, and how they can improve our world. "Even though I've never attempted the New York Times crossword puzzle or solved the Rubik's Cube, I couldn't put down *The Puzzler*."—Gretchen Rubin, author of *The Happiness Project* and *Better Than Before* What makes puzzles—jigsaws, mazes, riddles, sudokus—so satisfying? Be it the formation of new cerebral pathways, their close link to insight and humor, or their community-building properties, they're among the fundamental elements that make us human. Convinced that puzzles have made him a better person, A.J. Jacobs—four-time New York Times bestselling author, master of immersion journalism, and nightly crossword—set out to determine their myriad benefits. And maybe, in the process, solve the puzzle of our very existence. Well, almost. In *The Puzzler*, Jacobs meets the most zealous devotees, enters (sometimes with his family in tow) any puzzle competition that will have him, unpacks the history of the most popular puzzles, and aims to solve the most impossible head-scratchers, from a mutant Rubik's Cube, to the hardest corn maze in America, to the most sadistic jigsaw. Chock-full of unforgettable adventures and original examples from around the world—including new work by Greg Pliska, one of America's top puzzle-makers, and a hidden, super-challenging but solvable puzzle that will earn the first reader to crack it a \$10,000 prize\*—*The Puzzler* will open readers' eyes to the power of flexible thinking and concentration. Whether you're puzzle obsessed or puzzle hesitant, you'll walk away with real problem-solving strategies and pathways toward becoming a better thinker and decision maker—for these are certainly puzzling times. \*NO PURCHASE NECESSARY. U.S. Residents, 18+. Ends May 3, 2023. Additional terms and conditions may apply. See book for details.

"This cultural and personal history of crosswords and their fans, written by an aficionado, is diverting, informative, and discursive." —The New York Times Book Review, Editors' Choice A delightful, erudite, and immersive exploration of the crossword puzzle and its fascinating history Almost as soon as it appeared, the crossword puzzle became indispensable to our lives. Invented practically by accident in 1913, when a newspaper editor at the New York World was casting around for something to fill empty column space, it became a roaring commercial success almost overnight. Ever since then, the humble puzzle has been an essential ingredient of any newspaper worth its salt. But why, exactly, are the crossword's satisfactions so sweet? Blending first-person reporting from the world of crosswords with a delightful telling of its rich literary history, Adrienne Raphel dives into the secrets of this classic pastime. Thinking Inside the Box is an ingenious love letter not just to the abiding power of the crossword but to the infinite joys and playful possibilities of language itself. This book will celebrate 75 years of the most famous crossword in the world. In 1930, the crossword was not keenly received by The Times and it was owing to reader pressure that the crossword became a daily feature in the paper. With the British love of wordplay, riddles and puns, the crossword soon became an integral part of life in Britain. Included will be a crossword for every year since 1930 including the first ever crossword published in The Times and a specially commissioned 75th anniversary prize crossword. These crosswords will be taken from prominent days in history and will show the development of the crossword over the years. There will be specially commissioned articles from former editors, who are often compilers themselves, recounting their experience of the crossword. **Sudoku:** One of life's simple pleasures Sudoku has taken America by storm!
