Reading the American Past: Volume II: From 1865 Jun 09 2021 With five carefully selected documents per chapter, this two-volume primary source reader presents a wide range of documents representing political, social, and cultural history in a manageable, accessible way. Thirty-two new documents infuse the collection with the voices of an even wider range of historical actors. Expertly edited by Michael P. Johnson, one of the authors of The American Promise, the readings can be used to spark discussion in any classroom and fit into any syllabus. Headnotes and discussion questions help students approach the documents, and comparative questions encourage students to make connections across documents. Reading the American Past is FREE when packaged with The American Promise, The American Promise: A Compact History, and Understanding the American Promise. For more information on the reader or on package ISBNs, please contact your local sales representative or click here *Seasons of Albadone* Jul 30 2020 Four seasons.Four stories.An aspiring enchantress searches for a way to lift a terrible curse.A drunken father makes a dangerous wish.A foreman tilts the balance between nature and progress.A mother travels with her dying child in search of a healer.Four paths merge.Four destinies intertwine. *Smithells Metals Reference Book* Oct 25 2022 Smithells is the only single volume work which provides data on all key aspects of metallic materials. Smithells has been in continuous publication for over 50 years. This 8th Edition represents a major revision. Four new chapters have been added for this edition. these focus on; * Non conventional and emerging materials - metallic foams, amorphous metals (including bulk metallic glasses), structural intermetallic compounds and micr/nano-scale materials. * Techniques for the modelling and simulation of metallic materials. * Supporting technologies for the processing of metals and alloys. * An Extensive bibliography of selected sources of further metallurgical information, including books, journals, conference series, professional societies, metallurgical databases and specialist search tools. * One of the best known and most trusted sources of reference since its first publication more than 50 years ago * The only single volume containing all the data needed by researchers and professional metallurgists * Fully updated to the latest revisions of international standards

The American Promise, Value Edition, Volume 1 Jan 28 2023 The American Promise, Value Edition, has long been a favorite with students who value the text's readability, clear chronology, and lively voices of ordinary Americans, all in a portable format. Instructors have long valued the full narrative accompanied by a 2-color map program and the rich instructor resources of the parent text made available at an affordable price.

Constructing the American Past Mar 18 2022 Now published by Oxford University Press, Constructing the American Past: A Source Book of a People's History, Eighth Edition, presents an innovative combination of case studies and primary source documents that allow students to discover, analyze, and construct history from the actors' perspective. Beginning with Christopher Columbus and his interaction with the Spanish crown in 1492, and ending in the Reconstruction-era United States, Constructing the American Past provides eyewitness accounts of historical events, legal documents that helped shape the lives of citizens, and excerpts from diaries that show history through an intimate perspective. The authors expand upon past scholarship and include new material regarding gender, race, and immigration in order to provide a more complete picture of the past.

The American Promise: A Concise History, Combined Volume Nov 14 2021 The American Promise: A Concise History is a brief, inexpensive narrative with a clear political, chronological narrative that makes teaching and learning American history a snap. Streamlined by the authors themselves to create a truly concise book, the fifth edition is nearly 15 percent shorter than the fourth compact edition, yet it includes more primary sources than ever—including a new visual sources feature. It is also enhanced by LearningCurve, our easy-to-assign adaptive learning system that will ensure students come to class prepared.

Kaiju No. 8, Vol. 1 Aug 31 2020 Kafka hopes to one day keep his pact with his childhood friend Mina to join the Japan Defense Force and fight by her side. But while she's out neutralizing kaiju as Third Division captain, Kafka is stuck cleaning up the aftermath of her battles. When a sudden rule change makes Kafka eligible for the Defense Force, he decides to try out for the squad once more. There's just one problem—he's made the Defense Force's neutralization list under the code name Kaiju No. 8. -- VIZ Media

Textbook of Diagnostic Sonography - E-Book Apr 19 2022 Updated to reflect the newest curriculum standards, Textbook of Diagnostic Sonography, 8th Edition provides you with the pertinent information needed for passing the boards. This highly respected text enhances your understanding of general/abdominal and obstetric/gynecologic sonography, the two primary divisions of sonography, as well as vascular sonography and echocardiography. Each chapter covers patient history; normal anatomy, including cross-sectional anatomy; sonography techniques; pathology; and related laboratory findings. And more than 3,100 images and anatomy drawings guide you in recognizing normal anatomy and abnormal pathology. Full-color presentation, including color scans of gross pathology photos, where appropriate, enhances your learning experience and the teaching value of the text. Pathology tables give you quick access to clinical findings, laboratory findings, sonography findings, and differential considerations. Pedagogy, including chapter objectives and outlines, alerts you to the important information you will learn in each chapter. Evolve site includes PowerPoint slides, an image bank, review questions and a workbook answer key for students, and a test bank for faculty to aid in the reinforcement and teaching of sonography skills. Sonography Findings, highlighted with icon and special type, call attention to key clinical information. NEW! Full coverage of general/abdominal, transplantation, superficial structures, pediatrics, fetal heart, and obstetric/gynecologic sonography, along with several new chapters on vascular sonography, hemodynamics, and introduction to echocardiography, provides you with the information needed to pass the boards and succeed in clinicals. UPDATED! Content reflects the newest curriculum standards so you have the information you need to pass the boards. NEW! Updated images depict the latest advances in the field of sonography and help you prepare for the boards and clinicals. NEW! Key words in chapter openers focus your attention on the terms that you are required to know and understand. NEW! Bulleted summary lists at the end of each chapter reinforce important concepts. NEW! A condensed bibliography at the end of the book lists essential references and guides you in the direction to obtain more information in a given area.

Ninth Grade Slays Nov 21 2019 While half-vampire Vlad, his best friend Henry, and Henry's cousin Joss make their way through their freshman year at Bathory High, a hired vampire slayer seeks to destroy Vlad.

The American Promise Mar 26 2020

Out of Many Aug 23 2022 ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Out of Many is a coherent narrative of American history that offers insight into how diverse communities and different regions have shaped America's past. The text reveals the ethnic, geographical and economic diversity of the United States by examining the individual, the community and the state and placing a special focus on the country's regions, particularly the West. The updated edition features new and expanded coverage of a wide variety of topics in addition to MyHistoryLab tools that connect the text to interactive online learning tools to bring U.S. history to life.

Understanding Criminal Procedure: Investigation Mar 01 2023 The fifth edition of Understanding Criminal Procedure is new in many respects. Most significantly, it has been enlarged to two volumes. The first volume is intended for use in criminal procedure courses focusing primarily or exclusively on police investigatory process. Such courses are variously titled: Criminal Procedure I; Criminal Procedure: Investigation; Criminal Procedure: Police Practices; Constitutional Criminal Procedure; etc. Because some such courses also cover the defendant's right to counsel at trial and appeal, the first volume includes a chapter on this non-police-practice issue. (The latter chapter is also included in Volume Two.) The second volume of Understanding Criminal Procedure covers the criminal process after the police investigation ends, and the adjudicative process commences. This book is useful in criminal procedure courses (variously entitled Criminal Procedure II; Criminal Procedure: Adjudication; etc.) that follow the criminal process through the various stages of adjudication, commencing with pretrial issues — such as charging, pretrial release and discovery — and continuing with the trial itself and then post-conviction proceedings: sentencing and appeals. Understanding Criminal Procedure is primarily designed for law students. The authors have written the Text so that students can use it with confidence that it will assist them in course preparation, and professors can recommend or assign the volumes to students with confidence that they will improve classroom dialogue. Based on comments that the authors received in the past from students and professors alike, they predict that this new, expanded edition of Understanding Criminal Procedure will serve the needs of students and professors even better. Also, based on the experience of prior editions, including citations to this Text in scholarly literature and judicial opinions, we are confident that the two volumes will prove useful to scholars, practicing lawyers, and courts. Understanding Criminal Procedure covers the most important United States Supreme Court cases in the field. Where pertinent, the Federal Rules of Criminal Procedure, federal statutes, and lower federal and state court cases are considered. The broad overarching policy issues of criminal procedure are laid out; and some of the hottest debates in the field are considered in depth and, we think, objectively. Readers should find the Text user-friendly. Students who want a thorough grasp of a topic can and should read the relevant chapter in its entirety. However, each chapter is divided into subsections, so that readers with more refined research needs can find answers to their questions efficiently. The authors also include citations to important scholarship, both classic and recent, into which readers may delve more deeply regarding specific topics. And, because so many of the topics interrelate, cross-referencing footnotes are included, so that readers can easily move from one part of the Text to another, if necessary.

Astronomy Today Sep 12 2021 With Astronomy Today, Seventh Edition, trusted authors Eric Chaisson and Steve McMillan communicate their excitement about astronomy and awaken you to the universe around you. The text emphasizes critical thinking and visualization, and it focuses on the process of scientific discovery, making “how we know what we know” an integral part of the text. The revised edition has been thoroughly updated with the latest astronomical discoveries and theories, and it has been streamlined to keep you focused on the essentials and to develop an understanding of the “big picture.” Alternate Versions Astronomy Today, Volume 1: The Solar System, Seventh Edition—Focuses primarily on planetary coverage for a 1-term course. Includes Chapters 1-16, 28. Astronomy Today, Volume 2: Stars and Galaxies, Seventh Edition—Focuses primarily on stars and stellar evolution for a 1-term course. Includes Chapters 1-5 and 16-28.

Janson's History of Art May 20 2022 For Art History Survey courses Explore the reissued Janson and experience the history of art Janson's History of Art: The Western Tradition, Reissued Eighth Edition presents the same content as the text's Eighth Edition, published in 2010, now reimagined for digital learning via Revel, and also available through the Pearson Custom Library. While remaining current with new discoveries and scholarship, the Reissued Eighth Edition maintains its focus on the object, its manufacture, and its visual character, and continues to consider the contribution of the artist as a key element of analysis. Throughout, the authors engage students by weaving a compelling narrative of how art has changed over time in the cultures that Europe has claimed as its heritage. Janson's History of Art: The Western Tradition, Reissued Eighth Edition is also available via Revel(tm), an immersive learning experience designed for the way today's students read, think, and learn. For enrollments of at least 25, the Pearson Custom Library allows you to create your own textbook by combining chapters from best-selling Pearson textbooks and by adding your own content, such as a guide to a local art museum, a map of monuments in your area, your syllabus, or a study guide you've created. Priced according to the number of chapters, a custom text may even save your students money.

Cengage Advantage Books: World History Jul 22 2022 Developed to meet the demand for a low-cost, high-quality history book, this economically priced version of WORLD HISTORY, 8th Edition, offers readers the complete narrative with only the most essential features, photos, and maps. All volumes feature a paperback, two-color format that appeals to those seeking a comprehensive, trade-sized history text. Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past, and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach helps students link events together in a broad comparative and global framework, and consequently see the contemporary world in a more meaningful historical context. CENGAGE ADVANTAGE BOOKS: WORLD HISTORY includes over 100 maps and excerpts of over 100 primary sources that enliven the past while introducing students to the source material of historical scholarship. Available in the following split options: CENGAGE ADVANTAGE BOOKS: WORLD HISTORY, 8th Edition (Chapters 1?30); Volume I: To 1800 (Chapters 1?18); Volume II: Since 1500 (Chapters 14?30). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Burger's Medicinal Chemistry, Drug Discovery and Development, 8 Volume Set Jun 21 2022 Burger's Medicinal Chemistry, Drug Discovery and Development Explore the freshly updated flagship reference for medicinal chemists and pharmaceutical professionals The newly revised eighth edition of the eight-volume Burger's Medicinal Chemistry, Drug Discovery and Development is the latest installment in this celebrated series covering the entirety of the drug development and discovery process. With the addition of expert editors in each subject area, this eight-volume set adds 35 chapters to the extensive existing chapters. New additions include analyses of opioid addiction treatments, antibody and gene therapy for cancer, blood-brain barrier, HIV treatments, and industrial-academic collaboration structures. Along with the incorporation of practical material on drug hunting, the set features sections on drug discovery, drug development, cardiovascular diseases, metabolic diseases, immunology, cancer, anti-infectives, and CNS disorders. The text continues the legacy of previous volumes in the series by providing recognized, renowned, authoritative, and comprehensive information in the area of drug discovery and development while adding cutting-edge new material on issues like the use of artificial intelligence in medicinal chemistry. Included: Volume 1: Methods in Drug Discovery, edited by Kent D. Stewart Volume 2: Discovering Lead Molecules, edited by Kent D. Stewart Volume 3: Drug Development, edited by Ramnarayan S. Randad and Michael Myers Volume 4: Cardiovascular, Endocrine, and Metabolic Diseases, edited by Scott D. Edmondson

Volume 5: Pulmonary, Bone, Immunology, Vitamins, and Autocoid Therapeutic Agents, edited by Bryan H. Norman Volume 6: Cancer, edited by Barry Gold and Donna M. Huryn Volume 7: Anti-Infectives, edited by Roland E. Dolle Volume 8: CNS Disorders, edited by Richard A. Glennon Perfect for research departments in the pharmaceutical and biotechnology industries, Burger's Medicinal Chemistry, Drug Discovery and Development can be used by graduate students seeking a one-stop reference for drug development and discovery and deserves its place in the libraries of biomedical research institutes, medical, pharmaceutical, and veterinary schools.

The Rise and Fall of Philanthropy in East Africa Feb 23 2020 Robert G. Gregory challenges the apparent assumption that non-Western peoples lack a significant indigenous philanthropic culture. Focusing on the large South Asian community in East Africa, he relates how, over a century, they built a philanthropic culture of great magnitude, and how it finally collapsed under the ascendancy of increasing state regulation and policies directed against non-African communities. Compelled by poverty to seek better opportunities overseas, most Asians arrived in East Africa as peasant farmers. Denied access to productive land and sensing economic opportunity, they turned to business. Despite severe forms of racial discrimination in the colonial society, they suffered few restrictions on their business enterprises and some became very wealthy. Gregory's historical analysis shows philanthropy as an important contribution, one that stemmed from deep roots in Hindu, Muslim, and Buddhist culture. The sense of nonracial social responsibility cultivated social, medical, and educational facilities designed for all. This age of philanthropy terminated with the Asian exodus. The socialist and racial policies adopted by East African governments over the past few decades have virtually destroyed the foundation necessary for philanthropy as well as the distinct Asian cultural identity. Gregory's account of the East Asian's role in philanthropy deserves great attention and sober reflection.

Making America, Volume One, Third Edition and Oates Nov 02 2020

Federal Energy Regulatory Commission Reports Oct 01 2020

Reading the American Past Dec 15 2021 This two-volume primary-source collection provides a broad range of voices and perspectives from our nation's past, while emphasizing the important social, political, and economic themes of most U.S. history survey courses. Edited by one of the authors of The American Promise and designed to complement the textbook, Reading the American Past offers a rich selection of over 125 documents and editorial apparatus to aid students' understanding of the sources.

The Real World May 08 2021 The most relevant textbook for today's students.

A People and A Nation, Volume 1 Sixth Edition and Oates Portraits of America Volume 1, Eighth Edition Feb 05 2021

The American Promise, Volume 1 Dec 27 2022 The American Promise has long been a course favorite. Students value The American Promise for its readability, clear chronology, and lively voices of ordinary Americans, while instructors rely upon the rich content, the many documents and features, and the overall support for teaching their class their way. The American Promise provides superior formats for every use—the print book allows for a seamless reading experience while LaunchPad provides the right space for active learning assignments and dynamic course management tools that measure and analyze student progress. LaunchPad comes with a wealth of primary sources and special critical thinking activities to help students progress toward achieving learning outcomes; LearningCurve, the adaptive learning tool that students love to use to test their understanding of the text and instructors love to assign to prepare students for class; and a suite of instructor resources from videos to test banks that make teaching simpler and more effective.

Financial Accounting and Reporting in Malaysia Oct 21 2019

America's History, Value Edition, Volume 1 Nov 26 2022 Known for its clear, insightful analytical narrative and balanced approach, America's History, Value Edition is a brief, affordable text that brings America's diverse past to life. The two-color Value Edition includes the full narrative, the popular nine-part organization, and select images and maps.

College Physics Essentials, Eighth Edition Sep 24 2022 This new edition of College Physics Essentials provides a streamlined update of a major textbook for algebra-based physics. The first volume covers topics such as mechanics, heat, and thermodynamics. The second volume covers electricity, atomic, nuclear, and quantum physics. The authors provide emphasis on worked examples together with expanded problem sets that build from conceptual understanding to numerical solutions and real-world applications to increase reader engagement. Including over 900 images throughout the two volumes, this textbook is highly recommended for students seeking a basic understanding of key physics concepts and how to apply them to real problems.

Nancy Caroline's Emergency Care in the Streets Feb 17 2022 Think back to a time when paramedics didn't exist. When "drivers" simply brought injured patients to the hospital. When the EMS industry was in its infancy. A time before Nancy Caroline. Dr. Caroline's work transformed EMS and the entire paramedic field. She created the first national standard curriculum for paramedic training in the United States. She also wrote the first paramedic textbook: Emergency Care in the Streets. The impact that Dr. Caroline had on EMS and health care spanned across the U.S. and abroad. From establishing EMS systems to training paramedics, to providing better nourishment and health care for orphans, her work had a profound impact on humanity. Throughout her life, Dr. Caroline brought a sense of excitement, joy, and humor to her work. The American Academy of Orthopaedic Surgeons is proud to continue Dr. Caroline's legacy. Her sense of excitement and humor live on in this text, which is dedicated to her. The Sixth Edition honors Dr. Caroline's work with a clear, fun, understandable writing style for which she was known. Welcome back a familiar training companion to your classroom! Say hello to Sidney Sinus, AV Abe, and a cast of memorable characters and amusing anecdotes. Make learning for your students more fun!

Rook's Textbook of Dermatology Jan 16 2022 The late Arthur Rook established the Textbook of Dermatology as the most comprehensive work of reference available to the dermatologist. Covering all aspects of skin disease from basic science through pathology and epidemiology to clinical practice, the text is recognized for its unparalleled coverage of diagnosis. Hailed by reviewers as 'a thorough, modern masterpiece' and 'the best textbook of dermatology in the world', and trusted by dermatologists around the world for accurate and comprehensive coverage, this clinical classic is the definitive source of information for all dermatologists. The new edition of this venerable classic extends the standard of excellence to include: All-new coverage of cosmetic dermatology and sexually transmitted diseases More material on evidence-based dermatology Increased coverage of dermoscopy More emphasis on therapeutics throughout the set More contributions from a greater variety of international experts New page design with larger illustrations for more immediate recognition The 8th Edition marks the debut of the online edition of Rook's Textbook of Dermatology, allowing users the fastest possible access to the full range of knowledge on all known dermatological conditions. With fully searchable text and a fully searchable bank of more than 3,300 downloadable images, this online version puts specific information at your fingertips - when and where you need it - and is free with purchase of the four-volume set. The person-specific access code travels with you, not your computer, so you can check with Rook from any location. With the online version, you can: Search across all four volumes simultaneously Search all images separately Download images into presentations Link directly to references via a range of sources Rook's Textbook of Dermatology, in print and now online, provides a reliable, constant companion for all dermatologists.

I Was an Eighth-Grade Ninja Jan 04 2021 Winner of the Moonbeam Award Bronze Medal for comics and graphic novels! Martial Arts Moves Aren't Just for Practice Anymore. Hana, a Japanese orphan, is used to working on her martial-arts skills. After she moves to California to live with her grandfather, the only place she really feels at home is in his martial-arts studio. But all that practice will come in handy when savage creatures from another world attack! In the blink of an eye, Hana realizes she has a lot to learn about herself, her grandfather, and his strange little pet.

Writing and Reading the Scroll of Isaiah, Volume 1 May 28 2020 The studies in this volume investigate Isaiah's use of early sacred tradition, the editing and contextualization of oracles within the Isaianic tradition itself, and the interpretation of the book of Isaiah in later traditions (as in the various versions and interpretations of the text). Guidelines for Perinatal Care Jun 28 2020 This guide has been developed jointly by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, and is designed for use by all personnel involved in the care of pregnant women, their fetuses, and their neonates.

Chinese Story Volume 1/8 - Story 01-25 V2020 Oct 13 2021 The Chinese Stories Series has 8 volumes.

There were history stories? fables? folk stories and fairy tales. And every kind of story, along with being informative and interesting, also taught us about filial piety and moral integrity, and encouraged us to do good and improve our-selves. A kind-hearted person was always rewarded in the end; a person who was willing to help others was always well-liked by others and always reaped benefits; and a person who was willing to work hard always succeeded in the end. Naturally, bad people always came to no good end. Each story was almost certain to finish in this way. And if we really think about it, endings such as these make sense; they are not just meaningless story plots.

Textbook of Neonatal Resuscitation Apr 07 2021 The Neonatal Resuscitation Program (NRP) is an educational program jointly sponsored by the American Academy of Pediatrics (AAP) and the American Heart Association (AHA). This updated edition reflects the 2015 AAP/AHA Guidelines for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care of the Neonate. Full color.

History of Art Apr 26 2020 The definitive survey of Western art is now available in a deluxe, one-volume slipcased edition, bound in rich cloth and stamped in gold foil. 1,243 illustrations, 736 in color. 111 line drawings. 12 maps.

Experience History: Interpreting America's Past Dec 03 2020 Connect students to the stories of history. Connect students to the experience of history. Connect students to success in history. At McGraw-Hill, we have spent the past few years deepening our understanding of the student and instructor experience. Employing a wide array of research tools including surveys, focus groups, and ethnographic studies, we've identified areas in need of improvement to provide an opportunity for greater learning and teaching experiences. Experience History is a direct result of this. Experience History is also a first in American History. Its groundbreaking adaptive diagnostic and interactive exercises paired with its lively narrative and engaging visuals create a unique teaching and learning environment propelling greater student success and better course results. Instructors gain better insight into students' engagement and understanding as students develop a base of knowledge and construct critical thinking skills. Gripping stories keep students turning the page while the adaptive diagnostics for each chapter and a personalized study plan for each individual student help students prepare for class discussions and course work while enjoying increased course success. Experience History emphasizes that history is not just a collection of proven facts, but is "created" from the detective work of historians examining evidence from the past. Providing the interactive environment that only an integrated solution can provide, Experience History gives students the opportunity to examine primary sources and explore specific periods and events. This leads to greater understanding as well as the building and practicing of critical thinking skills. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success. Give students an experience. Improve course participation and performance. Experience History, and experience success.
