Universal Healing Manual Sep 17 2022 UNIVERSAL HEALING: is an Ancient, Angelic Distance Energy Healing System, Mainly For Internal, Self Healing And may be Used To Give hands on Healing; To Other People, You channel white, matter. And different types of matter. In this Universal Healing: you have control over this energy flow. It may be possible to slow this healing, it is not possible to stop it completely. The 1st level Attunment After this attunement: for the first three months you are not alone, call and I will send you free healing, and advice about universal healing; by text or email. The 1st level attunment will connect you to source, and allow a flow of light through you to take place. Once you are attuned, you will have control, over your own healing energy flow. This healing is on all the time; even if you are incapacitated. This energy will work constantly to regenerate your bodies physical systems. This flow at first will be felt, then in time you will not be a where of its flow, you will be used to it, when you have a pain in your body; instead of trying to ignore it, think about it: ask for the pain to stop; the pain will decrease. (Pain is a way the body lets you know, there is a problem area, you need to work on; sometimes long term problems, may take you time to find within you; what you need to work on to clear it) Think about the area, and it will receive healing. The 2nd level Attunment On this level you will be given tools of empowerment: These are diagrams of energy tools. Most off these special abilities you already have, and are unaware off: These tools will in time enhance the gifts within you. Each person has there own abilities, as you use these diagrams within your body, to heal your internal body systems, you will improve the manifestation part of your brain. This is the part of your brain that manifests your every day life, that allows you to walk through this play ground I call life path. Of course this process is not easy, but its fun. The Master Attunment This is the level you will be taught how to do the attunements: This is a simple process to teach you how to pass on this healing system to other people; the power within you has increased. The ability to regenerate tissue within you has increased, now your internal BA and KA channels are starting to increase in strength, and are used to heal your internal body systems with more efficiency. Channels: the main ones are the

meridians: the KA channels and the fine BA channels, these flow through the immune system, and through the minute cell matrix systems; this is where most of the problems arise when the body starts to break down. In a domino effect through out the bodies physical Holographic matrix. All this is irrelevant because you don't need to know all this, to use this healing system. IE if you drive a car you only need to know how to drive it. There is no need to know, how to fix it, for this you call in an expert mechanic. Its the same for universal healing, to fix your self call in the angels and they will fix you. Most of your self healing, and expansion, and learning; has now taken place, from this point on, you will receive information and guidance: from me as an equal. The 2nd phase level This is an expansion of your physical and emotional awareness you will feel peace throughout your being, this expansion may be felt by every one around you, they may see the difference in you, as you gain more control over the environment around you. The Grand master Attunment This attunement will in time dispel completely the egos control over you, bringing you into balance. Allowing the I am Presence to shine through. Your peaceful light, may shine around you, for about 200 miles. (this is your aura)

Manual of Universal Church History, Vol. 4 of 4 (Classic Reprint) Jun 21 2020 Excerpt from *Manual of Universal Church History, Vol. 4 of 4* To offset these extraordinary events in the political domain, there were no cheering results in the religious; the evidences of spiritual life and growth, even during the eighteenth century, when the productions of modern national literature were at once numerous and of exceptional merit, both in England and France, being neither important in themselves nor yet giving promise of better things. In every Catholic country, with the exception of France, the humiliating issue of the great religious conflicts produced a spirit of apathy and indifference, on the one hand, and on the other a haughty arrogance in Catholic princes, which they displayed in a readiness to quarrel with Popes and crecente Jesuits.
