A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for Breasts: The Owner's Manual: "Dr. Funk writes Breasts: The Owner's Manual just like she talks: with conviction, passion, and a laser focus on you."—Dr. Mehmet Oz, Host of The Dr. Oz Show "Breasts: The Owner's Manual will become an indispensable and valued guide for women looking to optimize health and minimize breast illness."—Debu Tripathy, MD, Professor and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center "Breasts: The Owner's Manual not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it."—Robin Roberts, Co-anchor, Good Morning America At Last! A Comprehensive Guide to

Understanding Teens Hormones. Rebellion. Moodiness. Peer pressure. No parent can be fully prepared for all the challenges associated with adolescence. Fortunately, The Teen Owner's Manual is here to answer your most pressing questions: How can I teach my teenager to make smart decisions? How do I keep her safe on the Web? How do I get him to communicate? How and when should I talk to her about sex? Whatever your concerns, you'll find the answers right here—courtesy of parenting author Sarah Jordan and adolescent medicine specialist Dr. Janice Hillman. Whether considered a threat to the health of humans in particular or of the ecosystem in general, the problem of air pollution affects us all. In addition to the 189 chemicals listed in the air toxins category of the 1990 Clean Air Act Amendments, smog, acid rain, ozone depletion, and global warming all arise from air pollution. You can

debate the prime causes of acid rain, excessive lumbering or changes in the weather but the diminishing rainforest and the spreading desert speak for themselves. Air Pollution addresses the sources and results of these problems, and how they influence the environment. It surveys all aspects of management, including dispersion modeling, emission measurements, air quality and continuous emission monitoring, remote sensing, and stack sampling. In addition, the book explores methods of reduction and control, with particular attention to gaseous emission controls and odor control. This stellar resource addresses the prevention of pollution created by existing technology, and the design of future zero-emissions technology. A useful guide for engineers, students or anyone working for environmental protection, Air Pollution provides a solid foundation and presents a sound environmental philosophy. Béla G. Lipták speaks on Post-Oil Energy Technology on the AT&T Tech Channel. There are three things in this man's world that run hot or cold. When they're hot, you gotta jump on 'em, ride 'em hard and fast. When they're cold, you gotta get off 'em, get far away, and leave 'em the hell alone! Those three things are: Cards, Dice, and Women! -- Anonymous Gambler Do you, like millions of other guys, wish you could: Understand Women? WE DO! We know what women want, and we can give it to them, if they behave. If you are like most men, you have struggled for years trying to understand why women do what they do, why their behavior is so irrational, and how you can avoid the tribulations associated with any breach of protocol on your part, however unfathomable or unintentional. Well, you are not alone! Millions of men around the world share the same complaint: How to know what's going on in that pretty little head of theirs, and how to keep them happy. Most of all, men want to know WHAT WOMEN WANT! Your struggle, our struggle and those of countless other men is the reason why we wrote the book and founded the All-American Man Club, Keepers of the All-American Man Card. This manual is a guide to help you achieve the freedom to become the man you were destined to be. In it you will find helpful phrases, questions and answers, lists of both approved actions and punishable behaviors, as well as a wealth of ideas for what to do when she tries to grab your man-sack, metaphorically speaking. You will see how to either garner or lose valuable points on your All-American Man Card. There are sections dealing with relationships, and valuable AAMC Principles. Of course, we will reveal women's Achilles Heel, and the coveted secret to What Women Want. Join now! Join the guys who are brave enough to Stand Up against their diabolical plan to dominate men! It's time for men to get their sacks back.

You will learn how to have your pie and eat it too! Get your copy now. When considering their canine friends, what do dog owners really need to know? Important stuff, according to Buster, like how dogs would run the world if they were in charge (fleas would taste like hamburger, only dogs would be allowed to pick up dropped food). What they fantasize about (mostly steaks, open garbage cans, and female dogs). The rules that govern sniffing other dogs. Buster and his capable translator, David E. Carter, have created a most useful book that's also delightfully funny. Dog Owner's Manual will resonate with the millions of pooch possessors who secretly know - but won't always admit - who really owns who. Deserves to be widely read." —James O. Freeman, Washington Post A view of America's colleges and universities and how they are run, the challenges they face and the issues that affect their "owners" - students, faculty, alumni, trustees and others. Among the issues covered are tenure, the admission process in elite institutions and curriculum. This book is the largest, most comprehensive, up-to-date, accurate, scientifically documented, helpful, fun, easy-to-read iguana pet care book ever published. It's the ULTIMATE! For Cheryl Mendelson, laundering is the best part of housekeeping. It's full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn't take much time or effort. What it takes is knowledge, and Laundry

is the comprehensive, entertaining, and inspiring book on the art of laundering. Culled from the bestselling Home Comforts, with revised and updated information and a new introduction, Laundry is an indispensable guide to caring for all the cloth in one's home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, Laundry celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. Laundry combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.
