The Medical Library Association
Encyclopedic Guide to Searching and
Finding Health Information on the Web:
Health and wellness Oct 05 2021
Annotation. Searching for health
information may be the most important
type of search a librarian performs in a
day. Instead of starting a health care
search with a blank computer screen or
simply accessing ordinary information
available most anywhere on the Web, start
with help from the prestigious Medical
Library Association. Each entry will show
you how an experienced health sciences
librarian would approach the question.
You can begin a truly valuable search
knowing: Special searching issues What to
ask Where to start Supplementary search
strategies Topic profile Recommended
search terms and important sites Hotline
phone numbers FAQs Publications on the
Internet Professional organizations
Patient support organizations and
discussion groups Best "One-Stop-Shops"
Finally, there's one ready-reference
source, written by librarians to help***

their colleagues, that covers every important aspect of the question you or your user want to answer.

Death and Mourning Processes in the Times of the Coronavirus Pandemic (COVID-19) Sep 23 2020

A Guide to Kansas Mushrooms Jun 13 2022

This book is a guide to the fungi of Kansas. It will familiarize you with some of the most common and some of the most beautiful of the state's fungal flora. But it is designed to do much more. It will introduce you to a variety of ways to enjoy mushrooms. For most people they are things of beauty and wonder, to be discovered unexpectedly on a walk in the woods; some try to preserve and communicate their sense of awe on film; others only want to find delectable morsels for the table; a few strive to find rarities or to identify mysterious strangers. This book will help you take the first steps in all these approaches to the world of mushrooming.

The Collectibles Market Guide and Price Index Feb 15 2020 This encyclopedia of collectibles includes feature articles on over 85 of the leading manufacturers, plus the latest detailed information and pricing on over 50,000 collectibles. Profiles of more than 200 artists are included, as well as 32 pages of

beautiful full-color photography showcasing over 250 products.

Lays of a Minor Poet Dec 15 2019

A New Guide to Kansas Mushrooms Apr 11 2022 Originally published in 1993, A Guide to Kansas Mushrooms went out of print in 2017. Original author Richard Kay suggested his wife, Sherry Kay, could assume the undertaking of revising the book, collaborating with him working as a consultant. After Richard's death in 2018, Sherry later added two coauthors, Benjamin Sikes and Caleb Morse, to complete the task. Kay, Sikes, and Morse have revised this new edition to account for the variety of ways mycology has changed in the last twenty-five years, while holding to its original purpose as a guide for active mushroomers. Primarily, A New Guide to Kansas Mushrooms highlights the upheaval in

taxonomy caused by advances in molecular genetics: an estimated 25 percent of fungal names included in the original guide have changed since 1993. Second, the list of mushrooms found in Kansas has expanded and the new edition adds 50 species to the 150 described in the original guide. All anthology entries have been updated to reflect these changes in the field, and the essays have also been edited, reduced, or expanded to include updated information as well as brand-new material. The outdated genus-level classification of fungi has been replaced by two cladograms—diagrams that illustrate how organisms branch off from their last common ancestors. This revised edition provides a wealth of new material on Kansas mushrooms that will aid and fascinate both newbies and seasoned mycophiles and includes information on online resources and notes on how to grow mushrooms in Kansas. While the book fully treats 200 species, readers will be able to identify 320 different macrofungi using the keys and discussions. Additionally, this book introduces

readers to fascinating, common slime molds (myxomycetes). A New Guide to Kansas Mushrooms incorporates new understanding of fungal taxonomy that has been largely unearthed by genetic tools over the past three decades, highlights key taxa, and includes a life list of the more than 1,200 species now cataloged from Kansas—nearly twice the number known at the time of the first edition.

The Only Menopause Guide You'll Need Oct 17 2022 For women facing decisions about treatment for the symptoms of menopause, the second edition of this landmark work features a new chapter that addresses the latest findings about hormone replacement therapy. Dr. Michele Moore helps patients make informed treatment choices and offers a balanced account of options that range from traditional medical practice to holistic and alternative approaches. Drawing on her own experience as well the experiences of friends, colleagues, and patients, Dr. Moore provides information about the symptoms of perimenopause,

menopause, and postmenopause. Her analysis of treatment options includes lifestyle changes and herbal and homeopathic remedies in addition to allopathic medicine. Above all, she encourages patients to participate actively in their own health care, accept responsibility for their choices, and cope with the consequences of those choices while remaining proactive. She also emphasizes the need for each woman to monitor her health condition closely and to reassess her situation as her health needs change through the years. Sympathetic and authoritative, this helpful books prepares women to deal with the inevitable changes in body, mind, and spirit that accompany menopause.

The Everything Health Guide to Living with Breast Cancer Mar 10 2022 The diagnosis of breast cancer challenges a woman's sense of self, her body image,

and ultimately her own mortality. In this health guide, breast cancer survivor and nurse Lucia Giuggio Carvalho provides a basic overview of breast cancer, its biology, psychology, and treatment options. This comprehensive approach to facing breast cancer covers: Physical changes that occur with treatment, such as hair loss, early menopause, fatigue, sexuality, and weight in/loss Treatment options, including surgery, chemotherapy, clinical trials, radiation, hormonal therapies, and reconstructive surgery Support systems, medical insurance coverage, and financial considerations Complimentary alternative medicine choices, and more The breast cancer journey is not about doing everything right for the right outcome. This book shows you the importance of living life to the fullest in each stage of breast cancer treatment and to find from within yourself the strength, courage, and spirit to survive it.

**The Modern Girl's Guide to Motherhood
Jan 08 2022 From the author of the
bestselling The Modern Girl's Guide to**

Life comes a must-have book for the young mom, including best-kept secrets, practical advice, and multiple solutions for problems from birth to age four Just when you thought you could cook (hey, one meal counts), clean (if the queen was coming), and seduce a man (well, long enough to get married), life throws you a curveball that makes all of your previous ineptitudes in life pale in comparison. With the appearance of one little extra line on a pregnancy test, you're thrown into a world of covering up leaks on shirts and taking a pacifier away from a two-year-old who has the grip of a pit bull. In this funny, smart, and honest book, Jane Buckingham cuts through the clutter to give you simple information and practical advice for navigating the different stages of motherhood. From how to get your child to sleep and how to wean, to how to get him off the pacifier and how to stop his tantrums, this book will help moms feel in the know and in control! Some of Buckingham's favorite tips: If your baby has a hard time feeding because of a stuffy nose, turn on

the shower to steam up the bathroom and feed her there. Put your children's paints in an empty egg carton -- it's the perfect size, and there's no mess to clean up when you're done. Use an old raincoat with the arms cut off as a smock. You should buy a new car seat, rather than borrowing a friend's old car seat, as there are constant safety upgrades. Also, be sure you are the person registered to that car seat (send in that registration card!) so that you'll be notified in case of a recall. Keep the three-day rule in mind: Almost any bad habit can be broken in three days. Granted, they may be tough, torturous days, but you can do it! The Modern Girl's Guide to Motherhood helps modern moms do it all with love, style, and flair!

Collectibles Market Guide and Price Index May 20 2020

The Lilaguide: Baby Gear Guide Jul 02 2021 This pocket-sized guide provides ratings and reviews of parents' favorite baby gear, including strollers, car seats, highchairs, toys, clothing, and

much more. Each listing in the guide provides manufacturer's information and product specs in addition to parent ratings and quotes/commentary. Alphabetical and manufacturer indexes make finding relevant information easy and fun.
