Ritchie explores the great effort put into constituent service-as representatives and senators respond to requests from groups and individuals-as well as media relations and news coverage. He also explores how the grand concepts we all know from civics class--checks and balances, advise and consent, congressional oversight--work in practice in an age of strong presidents and a muscular Senate minority. The Handbook also includes chapters addressing timely questions, including partisan polarization, congressional war powers, and the supermajoritarian procedures of the contemporary Senate. Beyond simply bringing readers up to speed on the current state of research, the volume offers critical assessments of how each literature has progressed - or failed to progress - in recent decades.
