This essential reference covers purchases of office products, equipment and services for home, small, midsize or large businesses. Describing how to avoid common vendor traps, *Buying, Supporting, Maintaining Software and Equipment: An IT Manager's Guide to Controlling the Product Lifecycle* will help readers better control the negotiation of their IT products and services and, ultimately, better manage the lifecycle of those purchases. The book supplies an inside look at the methods and goals of vendors and their contracts—which are almost always in conflict with end-user goals. The text is set up to follow the way most people experience technology products and contracting decisions. It begins by explaining the significance of the decisions made at the time of product selection. It details what you need to focus on when negotiating service and support agreements and describes how to use purchase orders to negotiate more favorable agreements. Covers product acquisition, support, and maintenance. Examines hardware and software warranty and support models. Considers

finance and accounting issues for maintenance and support Spells out technology product details Explains postwarranty support and maintenance Provides the understanding to better negotiate with vendor sales teams Illustrating the types of problems typically experienced during product use, the book describes how to better control the useful life of your equipment. It supplies tips on how to avoid excessive charges from predatory vendors and concludes by delving into issues of product end of life. Explaining how to manage support and maintenance issues for the long term, this book provides the understanding you need to make sure you are more knowledgeable about the products and services your organization needs than the vendor teams with whom you are negotiating. If you're a beginner photographer, this book can save you hundreds of dollars. If you're a seasoned pro, it can save you thousands. With access to over 16 HOURS of online video, this book helps you choose the best equipment for your budget and style of photography. In this book, award-winning author and photographer Tony Northrup explains explains what all your camera, flash, lens, and tripod features do, as well as which are worth paying for and which you can simply skip. Tony provides information specific to your style of photography, whether you're a casual photographer or you're serious about portraits, landscapes, sports, wildlife, weddings, or even macro. For the casual reader, Tony provides quick recommendations to allow you to get the best gear for your budget, without spending days researching. If you love camera gear, you'll be able to dive into 200 pages of detailed information covering Nikon, Canon, Sony, Micro Four-Thirds, Olympus, Samsung, Leica, Mamiya, Hasselblad, Fuji, Pentax, Tamron, Sigma, Yongnuo, PocketWizard, Phottix, Pixel King, and many other manufacturers. Camera technology changes fast, and this book keeps up. Tony updates this book several times per year, and buying the book gives you a lifetime subscription to the updated content. You'll always have an up-to-date reference on camera gear right at your fingertips. Here are just some of the topics covered in the book: What should my first camera be? Which lens should I buy? Should I buy Canon, Nikon, or Sony? Is a mirrorless camera or a DSLR better for me? Do I need a full frame camera? Is it safe to buy generic lenses and flashes? What's the best landscape photography gear? Which portrait lens and flash should I buy? What gear do I need to photograph a wedding? How can I get great wildlife shots on a budget? Which sports photography equipment should I purchase? Should I buy zooms or primes? Is image stabilization worth the extra cost? Which type of tripod should I buy? Which wireless flash system is the best for my budget? How can I save money by buying used? What kind of computer should I get for photo editing? What studio lighting equipment should I buy? When you buy this book, you'll be able to immediately read the book online. You'll also be able to download it in PDF, .mobi, and .epub formats--every popular format for your

computer, tablet, smartphone, or eReader! 2020 US & Canada Edition: Guide for buying, trading or selling Agricultural equipment. The popularity of the rural lifestyle is growing rapidly. Retirees and recent grads alike are going back to the land. This guide is designed to help the new rural property owner purchase a tractor and equipment that will fit their needs. Includes price information, value ratings, equipment specifications, performance data, and product review's for the latest video equipment--cameras, VCRs, and other components America's most trusted anthology of brand-name product testing contains everything consumers want to know about purchasing brand-name automobiles, appliances, audio and video gear, exercise equipment, cameras and accessories, yard and garden equipment, and home-office equipment. Written by one of the world's leading web handling expert and experienced machine designer along with a team of specialists, this hands-on book offers a step-by-step approach to investing in, acquiring and starting up web machinery. It is designed to assist plant-based personnel in the costing and planning of major machinery investment with a rigorous analysis of what needs to be done to acquire or replace equipment with minimal expense and maximum long-term efficiency, no matter what types of webs are being handled. The book ranges over the entire spectrum of machine buying from dealing with salespeople to the technical details of machinery design, contract formulation, financing and maintenance. Numerous case studies illustrate strategies to follow-and avoid-in purchasing standard, as well as custom designed, web machines. 2021 US & Canada Edition: Guide for buying, trading or selling Agricultural equipment. 2017 US & Canada Edition: Guide for buying, trading or selling Agricultural equipment. The provision of furniture and equipment forms a major part of school expenditure and schools have increasing purchasing responsibilities. This document is aimed at Heads, Governors and Bursars and offers advice on the processes that should be followed when buying furniture and equipment to enable schools to set their own priorities and to make their own decisions. The various sections discuss issues such as curriculum analysis and market exploration; the importance of a clear specification and, balancing budgets across categories and creating a whole school approach. Selection of suppliers is dealt with in the final section. 2018 US & Canada Edition: Guide for buying, trading or selling Agricultural equipment.
