Of the four Reynolds sisters, Pru is the natural choice to take on custody of the girl their

late mother had planned to adopt. At thirty, suddenly becoming the mom of a teenager means big changes, but Pru's ready to do whatever it takes to adopt Ari. Before she settles down, though, she wants one thing for herself. Enter Flynn Bohannon, the sinfully sexy Irish musician in town for her sister's wedding. He's led the kind of free, vagabond life Pru can hardly imagine. Definitely not the kind of guy she should be dating, but he's the perfect guy for a crazy fun fling before her life changes. When Pru proposes a brief, no strings affair, Flynn's not about to say no. But when unexpected complications endanger the adoption, the two find themselves in a phony engagement. Now they have to convince a sharp-eyed, skeptical social worker, a teen who's too smart for her own good, three dubious sisters, and one protective brother-in-law that Flynn's willing to give up the gypsy life and settle down. But in convincing everyone that this relationship is real, will they convince each other as well?

**Protecting His Witch** Aug 04 2021 The last thing he wanted was to fall for a witch... Veterinarian Kat Ramsey hasn't a clue that she's a witch. Sure, she can read minds, and there's the whole "dimension-hopping" issue that she can't quite control, but Kat is determined to keep things normal. That is, until she accidentally hops into the Otherworld and runs into Matthew Ryan?the seriously hot one-night stand from years ago who shoved her out of his dorm. Naked. And there's the tiny matter of the curse she gave him. May you never find satisfaction with another woman. Billionaire and former druid Matthew Ryan hasn't forgotten the curse, or the witch who gave it to him. Kat's

unexpected return means the curse will finally be broken. Unfortunately, his libido has other ideas?like how to get her back into his bed one last time. But far more worrying is his suspicion that Kat is the seventh Pleiades witch. Because while he's turned his back on his druidic ways, he's still bound to protect the woman who made his life hell. Each book in the Keepers of the Veil series is STANDALONE: \* Protecting His Witch \* His Witch to Keep \* Playing the Witch's Game

**Kissing Architecture** Jan 09 2022 Kissing Architecture explores the mutual attraction between architecture and other forms of contemporary art. In this fresh, insightful, and beautifully illustrated book, renowned architectural critic and scholar Sylvia Lavin develops the concept of "kissing" to describe the growing intimacy between architecture and new types of art--particularly multimedia installations that take place in and on the surfaces of buildings--and to capture the sensual charge that is being designed and built into architectural surfaces and interior spaces today. Initiating readers into the guilty pleasures of architecture that abandons the narrow focus on function, Lavin looks at recent work by Pipilotti Rist, Doug Aitken, the firm Diller Scofidio + Renfro, and others who choose instead to embrace the viewer in powerful affects and visual and sensory atmospheres. Kissing Architecture is the first book in a cutting-edge new series of short, focused arguments written by leading critics, historians, theorists, and practitioners from the world of urban development and contemporary architecture and design. These books are intended to spark vigorous debate. They stake out the positions that will help shape the architecture and urbanism of tomorrow. Addressing one of the

most spectacular and significant developments in the current cultural scene, *Kissing Architecture* is an entertainingly irreverent and disarmingly incisive book that offers an entirely new way of seeing--and experiencing--architecture in the age after representation.

*The Chateau* Mar 19 2020 I've been taking care of my little sister for a long time. When Mom was gone, she suddenly became my responsibility. The best years of my life were spent being a caretaker to someone else...with no one to take care of me. So I moved to Paris for my study-abroad program and ended up staying, getting a French Literature degree, studying the classics while sipping the best wine I'd ever had. My sister never makes the best decisions, always makes messes to clean up, and it's finally time for me to have my own life. But when she comes to Paris for a visit...she brings trouble with her. She gets herself into a bad situation, and of course, I come to her rescue...like I always do. Now we're in a labor camp in the middle of nowhere, surrounded by endless snow and mountains, processing drugs for a group of men that never show their faces. There's no chance of escape in this wilderness. Except for my guard. He's not a saint, but he's the only man that's kind to me. He knows I want to escape, but he never reports me. When I've had a hard day, he brings me extra things to make my life easier. He tells me not to run because I'll never make it...but he brings me little hidden tools...as if he's giving me the means. Like he wants me to be free.

**Where We Come From** May 21 2020 ONE OF KIRKUS REVIEWS' BEST BOOKS OF THE YEAR “A richly conceived and devastating book about the border.” —Houston Chronicle From a distance, the towns along the U.S.-Mexican border have dangerous reputations, and Brownsville is no different. But to twelve-year-old Orly, it’s simply where his godmother Nina lives—and where he is being forced to stay the summer after his mother’s sudden death. Nina, however, has a secret: she’s providing refuge for a young immigrant boy named Daniel, for whom traveling to America has meant trading one set of dangers for another. Separated from the violent human traffickers who brought him across the border and pursued by the authorities, Daniel must stay completely hidden. And Orly’s arrival threatens to put them all at risk of exposure. Tackling the crisis of U.S. immigration policy from a deeply human angle, *Where We Come From* explores through an intimate lens the ways that family history shapes us, how secrets can burden us, and how finding compassion and understanding for others can ultimately set us free.

**Inelastic Analysis of Solids and Structures** Oct 26 2020 Inelastic Analysis of Solids and Structures presents in a unified manner the physical and theoretical background of inelastic material models and computational methods, and illustrates the behavior of the models in typical engineering conditions. The book describes experimental observations and principles of mechanics, and efficient computational algorithms for stress calculations as typically performed in finite element analysis. The theoretical background is given to an extent necessary to describe the commonly employed material models in metal isotropic and orthotropic plasticity, thermoplasticity and viscoplasticity, and the plasticity of geological materials. The computational algorithms are developed in a unified manner with some detailed derivations of the algorithmic relations. Many solved examples are presented, which are designed to give insight into the material behavior in various engineering conditions, and to demonstrate the application of the computational algorithms.

*Founded on Goodbye* Nov 14 2019 His songs were better when he had a broken heart. That sentence would change my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.

I like to keep my profession under wraps for a number of reasons. Some of what we do is top secret, most of what we do is dangerous, and more than one woman has tried to latch onto me because she was more enamored with what I do than who Cage Murdock really is. And since I'm more of a 'here for the night' than a 'here for forever' kind of guy, what's the harm in a little white lie about my job? My harmless deceit has never failed me. Until now. Because I met the most amazing woman and did the unthinkable. I married her. And now my beautiful, unsuspecting, probably-going-to-leave-my-sorry-behind-when-she-finds-out-the-truth wife doesn't know that I'm not a used car salesman like I told her when we met. As it typically does with lies, the truth is about to come out in a big way when Jaime unwittingly gets herself mixed up with some unsavory characters and I, along with the team at Jameson, have to intervene. Now I need to save my girl and hope I can save my marriage too. Let's just say I have some serious explaining to do.
