Riley celebrates women and his 30-year journalism career with
the publication of *That's What Friends Are For: On the Women
Who Inspired Me*. The entertainment reporter and on-air
personality has been a field producer for *The Oprah Winfrey
Show* and *The Wendy Williams Show*. Known for her novels
Traveling With An Eggplant, *The Final Alice*, and *Alices Army*,
Alycia Ripley brings her sensitivity and eye for detail to this
unique memoir. Written in the form of letters, one each week over
the course of a year, it captures her grief following the sudden
death of her mothers thirty year companion, the man who raised
Ripley since childhood. The letters shed light on the special
relationship between author and stepfather and translate the pain
and loss that brought on fugue states and panic attacks following
his death. They examine the powerful impact of childhood upon
our identities and the valuable lessons loved ones teach us.
Framed within four nautically titled chapters, each representing a
stage of the year, the books title signifies the rocky sailing
conditions which well reflect the authors life and circumstances.
Gripping and raw, yet peppered with humor, *Wind Over Tide*
illustrates the unusual way a creative mind interacts with grief. It
serves as a fascinating look into a poignant, personal
conversation, one which can help readers examine their own
coping strategies to find peace after loss. *Wind Over Tide* is a
heart wrenching book that takes the reader through the

emotional waves of mourning a loved one. The authors penned letters are a tribute to Joe, her stepfather, keeping his spirit, significance and lessons alive. Ripley's words are both validating and healing. We learn, as she did, how to continue living even when faced with darkness and layers of loss. A must read that is hard to put down. -Michelle Pawkett, MA, LMHC

In this book of inspired spirit, you will find great inspiration and practical application that will lead you to the manifestation of being in touch with a greater you and your Creator. If you have been searching for meaning and purpose, this book is for you. It is my prayer that as you read it, you will find yourself encouraged and inspired to not let your music die with you. Each chapter or vignette comes from a place of depth. It is that place in all of us that provides peace and great possibility. A New York Times bestseller! The historic race that reawakened the promise of manned spaceflight A Finalist for the PEN/E. O. Wilson Literary Science Writing Award Alone in a Spartan black cockpit, test pilot Mike Melvill rocketed toward space. He had eighty seconds to exceed the speed of sound and begin the climb to a target no civilian pilot had ever reached. He might not make it back alive. If he did, he would make history as the world's first commercial astronaut. The spectacle defied reason, the result of a competition dreamed up by entrepreneur Peter Diamandis, whose vision for a new race to space required small teams to do what only the world's largest governments had done before. Peter Diamandis was the son of hardworking immigrants who wanted their science prodigy to make the family proud and become a doctor. But from the age of eight, when he watched Apollo 11 land on the Moon, his singular goal was to get to space. When he realized NASA was winding down manned space flight, Diamandis set out on one of the great entrepreneurial adventure stories of our time. If the government wouldn't send him to space, he would create a private space flight industry himself. In the 1990s, this idea was the stuff of science fiction. Undaunted, Diamandis found

inspiration in an unlikely place: the golden age of aviation. He discovered that Charles Lindbergh made his transatlantic flight to win a \$25,000 prize. The flight made Lindbergh the most famous man on earth and galvanized the airline industry. Why, Diamandis thought, couldn't the same be done for space flight? The story of the bullet-shaped SpaceShipOne, and the other teams in the hunt, is an extraordinary tale of making the impossible possible. It is driven by outsized characters—Burt Rutan, Richard Branson, John Carmack, Paul Allen—and obsessive pursuits. In the end, as Diamandis dreamed, the result wasn't just a victory for one team; it was the foundation for a new industry and a new age. When Jim Haworth graciously donated the first 4 books to me that he'd written I was delightfully thrilled. Prior to that I'd already been receiving almost daily e-mails with his ongoing wacky/witty tidbits of information. On the very rare occasional times when I didn't receive one I'd become a bit depressed because I had begun to look forward to getting them nearly everyday of the week. He told me that many would just pop into his head at all times during the day and night so I found this to be intriguing. The more that these e-mails came the more they began to grow more popular with me. So many of them always seemed to ring home true representations of many types of situations that we all have happening in our lives on a normal daily basis. Just reading them on an almost daily basis actually added a sort of unexplainable lift to my usual normal routine daily life. It was good when he recognized that by placing the printed material into varying other places upon the pages as well as adding black and white pictures interspersed within the chapter titles it added much more interest to the written material placement positions within the chapter titles. As I would turn each page I'd find myself trying to guess where the printed material will be placed and wondering if a black and white picture would be appearing to reinforce the particular subject matter being given? I hope with his 5th book that this kind of placement of the material on the pages as well as

the pictures will continue. I feel that by having made those 2 big adjustments it has added an additional kind of joy and harmony to what he is trying to say to his readers. I feel that so many of his wacky/witty sayings will help others get through whatever kinds of problems they might be facing because they are so down to earth true sayings. All age groups will find inspiration in these sayings and this does include children as well as teenagers because they are just appealing in nature. The reader is able to easily grasp the concepts as they're written in short statements of common sense everyday language that can be rapidly read from page to page. Illuminates transgender activists' successful strategies to organize for social and political change in the US. In recent years, gender-variant people—including those we now call transgender people—have won public policy victories that had previously seemed unwinnable: the American Psychiatric Association replaced the term "gender identity disorder" with "gender dysphoria" in the Diagnostic and Statistical Manual of Mental Disorders, the Department of Justice announced that discrimination on the basis of gender identity constituted sex discrimination, and the Department of Health and Human Services decided that it would no longer stop Medicare from covering gender reassignment surgery. What accounts for these and other victories? Anthony J. Nownes argues that a large part of the answer lies in the rise of transgender rights interest groups in the United States. Drawing on firsthand accounts from the founders and leaders of these groups, *Organizing for Transgender Rights* not only addresses how these groups mobilized and survived but also illuminates a path to further social change. Nownes shows how oppressed and marginalized people can overcome the barriers to collective action and form viable organizations to represent their interests even when their government continues to be hostile and does not. "The book traverses several fields, but it is primarily situated in and speaks to the political science literature on interest-group formation. It

makes an important contribution by revisiting and revising pluralist and relative deprivation approaches to interest-group formation that have fallen out of favor in recent years. □ □ Stephen Valocchi, author of *Social Movements and Activism in the USA* It has been some time since Catholic and liberal Protestant theologians stopped writing seriously on bibliology. Meanwhile, conservative evangelical theologians guard against the introduction of new ideas. In an effort to make headway through this gridlock, Carlos Bovell has commissioned a roundtable discussion on the prospect of whether the inspiration of Scripture might extend beyond authors and texts, and if so, what this might entail for the authority of Scripture. Taken together, the essays in this volume make an invaluable contribution to contemporary literature on the inspiration and authority of the Bible. From former BuzzFeed personality Ashly Perez comes a funny, honest, and unabashedly feminist book of inspiration and wisdom to help you plant some roots, live in the process, and accept you for you. Take a break from mindless phone scrolling and empower yourself to live intentionally and find meaning all around you every single day. *This for Inspiration*, filled with short bursts of encouragement and enlightenment, is your staring place. Look inward and also way beyond your arm's length—these entries are inspiring not only for the wisdom they impart but also for the way they lift you up. Virtual BuzzFeed start turned television writer Ashley Perez has compiled all of the inspirations that have enriched her own life—influenced by history, literature, music, and her mom—to help you discover what motivates you. We all have to start somewhere. *Sheer Inspiration* goes to the very core of man's existence. It is our divine right to connect to God and be guided by His hand. After all, the steps of a righteous man are ordered by the Lord. This book is designed to help you seek daily time with God, meditating on His word, and improving your life one day at a time. Each day has a theme and pivotal key. Reflect on that theme throughout your day. Revisit the theme at the end

of the day and unlock the gift of intimacy with God. Know that God is working in you. You can change your life now; the first step starts with you. Strengthen your walk in the Lord and be transformed. LUCA DI ZANCHI is a diligent, sharp-witted but dangerously curious boy. After having his fortune read by his mysterious Aunt, he is determined to be the master of his own destiny and becomes obsessed with finding “the greatest treasure man could find.” He gained an elixir through crime, and as such, the natural process of spiritual advancement is denied to him and his psychic mind opens to the lower astral world. But his memory is not lost in death and he carries his soul’s memories when he is born again. As a consequence of his crime, he needs to be born again and again until he has received the appropriate retribution.

-- Extraordinary biographies of America's most prominent political figures from the Revolution to Reconstruction-- Rare insight provided by authors who were the subjects' contemporaries-- Introductory essays by eminent present-day historians and biographers

When the evening news reported a dead baby abandoned in a local dumpster, Linda Znachko's comfortable life changed. She was suddenly convicted—God was asking her to provide a dignified burial for this tiny lost child. Linda said yes. She had no idea where that first small yes would lead. Linda found herself in places she never dreamed she would be: at the graveside of the child of an abused mother; by the side of a mother fighting for her lost child; and at the funeral of a Texas stripper who died two days before her baptism but left a legacy of love behind. When Linda stepped out of her comfort zone and into these implausible places with people she was unlikely to otherwise encounter, she discovered the life she never knew she wanted—a life of saying yes to God whenever He asks. Today, Linda has a ministry that gives children a name in life, and dignity and honor in death. When she shares her stories of broken lives redeemed, other broken people respond, and so the ripple effects of that long-ago yes continue to spread, touching lives that yearn

for healing, and underscoring the fact that every life matters to God. What do you do when your father dies leaving you with your 19 year old widowed mother who is violent, irresponsible and quick to blame others for her predicaments. This is the story of one boys harrowing odyssey through child abuse, public institutions and inept court systems until he reaches his final resolution. Filled with odd characters and often hilarious with pratfalls of institutionalized upbringing. But in the end there are no heroes and no closure to speak of. Just people caught up in the moment to ease you through another day. Stories by: Lauren Willig • Adriana Trigiani • Jo Beverley • Alexandra Potter • Laurie Viera Rigler • Frank Delaney & Diane Meier • Syrie James • Stephanie Barron • Amanda Grange • Pamela Aidan • Elizabeth Aston • Carrie Bebris • Diana Birchall • Monica Fairview • Janet Mullany • Jane Odiwe • Beth Pattillo • Myretta Robens • Jane Rubino and Caitlen Rubino-Bradway • Maya Slater • Margaret C. Sullivan • and Brenna Aubrey, the winner of a story contest hosted by the Republic of Pemberley “My feelings will not be repressed. You must allow me to tell you how ardently I admire and love you.” If you just heaved a contented sigh at Mr. Darcy’s heartfelt words, then you, dear reader, are in good company. Here is a delightful collection of never-before-published stories inspired by Jane Austen—her novels, her life, her wit, her world. In Lauren Willig’s “A Night at Northanger,” a young woman who doesn’t believe in ghosts meets a familiar specter at the infamous abbey; Jane Odiwe’s “Waiting” captures the exquisite uncertainty of Persuasion’s Wentworth and Anne as they await her family’s approval of their betrothal; Adriana Trigiani’s “Love and Best Wishes, Aunt Jane” imagines a modern-day Austen giving her niece advice upon her engagement; in Diana Birchall’s “Jane Austen’s Cat,” our beloved Jane tells her nieces “cat tales” based on her novels; Laurie Viera Rigler’s “Intolerable Stupidity” finds Mr. Darcy bringing charges against all the writers of Pride and Prejudice sequels, spin-offs, and retellings; in Janet Mullany’s

“Jane Austen, Yeah, Yeah, Yeah!” a teacher at an all-girls school invokes the Beatles to help her students understand *Sense and Sensibility*; and in Jo Beverley’s “Jane and the Mistletoe Kiss,” a widow doesn’t believe she’ll have a second chance at love . . . until a Miss Austen suggests otherwise. Regency or contemporary, romantic or fantastical, each of these marvelous stories reaffirms the incomparable influence of one of history’s most cherished authors. *Daily Inspiration for Direction* contains the words and power that can help anyone connect with God in discovering his or herself is in God, inner strength, the faith needed to forgo the past, understand the present and break forth into a bright future. The book inspires anyone who reads it to believe no matter the prison one is imprisoned, there is a season of brightness coming. With *Japanese Philosophy: A Sourcebook*, readers of English can now access in a single volume the richness and diversity of Japanese philosophy as it has developed throughout history. Leading scholars in the field have translated selections from the writings of more than a hundred philosophical thinkers from all eras and schools of thought, many of them available in English for the first time. The Sourcebook editors have set out to represent the entire Japanese philosophical tradition—not only the broad spectrum of academic philosophy dating from the introduction of Western philosophy in the latter part of the nineteenth century, but also the philosophical ideas of major Japanese traditions of Buddhism, Confucianism, and Shinto. The philosophical significance of each tradition is laid out in an extensive overview, and each selection is accompanied by a brief biographical sketch of its author and helpful information on placing the work in its proper context. The bulk of the supporting material, which comprises nearly a quarter of the volume, is given to original interpretive essays on topics not explicitly covered in other chapters: cultural identity, samurai thought, women philosophers, aesthetics, bioethics. An introductory chapter provides a historical overview of Japanese philosophy and a

discussion of the Japanese debate over defining the idea of philosophy, both of which help explain the rationale behind the design of the Sourcebook. An exhaustive glossary of technical terminology, a chronology of authors, and a thematic index are appended. Specialists will find information related to original sources and sinographs for Japanese names and terms in a comprehensive bibliography and general index. Handsomely presented and clearly organized for ease of use, Japanese Philosophy: A Sourcebook will be a cornerstone in Japanese studies for decades to come. It will be an essential reference for anyone interested in traditional or contemporary Japanese culture and the way it has shaped and been shaped by its great thinkers over the centuries. The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which

organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY. Scripture verses and reflective messages to inspire you in your walk with God. Based on the wildly popular Twitter feed Dear Girls Above Me, a roman à clef about how thinking like a couple of girls turned one single guy into a better man. When Charlie McDowell began sharing his open letters to his noisy upstairs neighbors—two impossibly ditzy female roommates in their mid-twenties—on Twitter, his feed quickly went viral. His followers multiplied and he got the attention of everyone from celebrities to production studios to major media outlets such as Time and Glamour. Now Dear Girls breaks out of the 140-character limit as Charlie imagines what would happen if he put the wisdom of the girls to the test. After being unceremoniously dumped by the girl he was certain was “the one,” Charlie realized his neighbors’ conversations were not only amusing, but also offered him access to a completely uncensored woman’s perspective on the world. From the importance of effectively Facebook-stalking potential girlfriends and effortlessly pulling off pastel, to learning when in the early stages of dating is too presumptuous to bring a condom and how to turn food poisoning into a dieting advantage, the girls get Charlie into trouble, but they also get him out of it—without ever having a clue of their impact on him. Robert Boyd, a successful management consultant, sells his business for a large sum of money. He soon realizes that even with all the money he has received, he is not happy and does not feel fulfilled. He withdraws a million dollars from the bank and decides to leave for Europe to find himself. He leaves three letters as he leaves. One is to his wife and the others are to two mistresses. We soon find that his life is a tangled web of deception. The book flashes back to his relationship with his wife and the two other women and is interwoven with adventures involving new women and new deception on his trip to Europe. It delves deep into his thoughts and deep into a man that really has not found his way. He knows

that he has trouble dealing with women and alcohol and cannot find a way to stop. The book winds toward the climax of his trip and in an epilogue, takes us from 1985 to the present. How do today's most successful tech companies—Amazon, Google, Facebook, Netflix, Tesla—design, develop, and deploy the products that have earned the love of literally billions of people around the world? Perhaps surprisingly, they do it very differently than the vast majority of tech companies. In *INSPIRED*, technology product management thought leader Marty Cagan provides readers with a master class in how to structure and staff a vibrant and successful product organization, and how to discover and deliver technology products that your customers will love—and that will work for your business. With sections on assembling the right people and skillsets, discovering the right product, embracing an effective yet lightweight process, and creating a strong product culture, readers can take the information they learn and immediately leverage it within their own organizations—dramatically improving their own product efforts. Whether you're an early stage startup working to get to product/market fit, or a growth-stage company working to scale your product organization, or a large, long-established company trying to regain your ability to consistently deliver new value for your customers, *INSPIRED* will take you and your product organization to a new level of customer engagement, consistent innovation, and business success. Filled with the author's own personal stories—and profiles of some of today's most-successful product managers and technology-powered product companies, including Adobe, Apple, BBC, Google, Microsoft, and Netflix—*INSPIRED* will show you how to turn up the dial of your own product efforts, creating technology products your customers love. The first edition of *INSPIRED*, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This

thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today’s most-successful tech product companies, and the men and women behind every great product.
