To those on the outside, the Powells are a happy family, but then a devastating accident destroys their fragile facade. When seven-year-old Henry is blamed for the tragedy, he tries desperately to make his parents happy again. As Henry grows up, he is full of potential—a talented sportsman with an academic mind and a thirst for

adventure—but soon he questions if the guilt his parents have burdened him with has left him unable to escape his anguished family or their painful past. With a delicate touch and masterful attention to detail, New York Times bestselling author Elizabeth Flock invites us to meet a man both ordinary and extraordinary, and to experience a life that has yet to be lived. Paul Freneuse, a young, successful, Parisian artist, returning to his studio in the Place Pigalle by the Les Halles omnibus at midnight, is seated in the omnibus when a young, beautiful girl suddenly dies. He at first thinks the poorly clad girl has been

murdered, but logic tells him no one would have a reason to kill such an unlikely victim. He dismisses the idea and continues his work on an almost completed canvas which he hopes to submit to the upcoming Paris Exposition. He is highly regarded by the critics and is expected to win, cementing his already considerable reputation. Fortunately for justice, his ne'er-do-well friend, Binos, will not abandon the search for the supposed murderers and solicits the aid of the mysterious Piedouche to bring the killers to justice. A delightful dose of "Canada's Father Goose" for pint-sized poetry fans! Based on the title

After failing in sales for six months, Tom Hopkins turned his own career around and earned more than a million dollars in three years. Now he tells readers his secrets of success.

Matsuo Basho (1644-94) is considered Japan's greatest haiku poet. *Narrow Road to the Interior* (*Oku no Hosomichi*) is his masterpiece. Ostensibly a chronological account of the poet's five-month journey in 1689 into the deep country north and west of the old capital, Edo, the work is in fact

artful and carefully sculpted, rich in literary and Zen allusion and filled with great insights and vital rhythms. In *Basho's Narrow Road: Spring and Autumn Passages*, poet and translator Hiroaki Sato presents the complete work in English and examines the threads of history, geography, philosophy, and literature that are woven into Basho's exposition. He details in particular the extent to which Basho relied on the community of writers with whom he traveled and joined in linked verse (*renga*) poetry sessions, an example of which, *A Farewell Gift to Sora*, is included in this volume. In explaining how and why Basho

made the literary choices he did, Sato shows how the poet was able to transform his passing observations into words that resonate across time and culture. throughout the text for easy reference. The period between 1830 and 1880 was one of immense activity, radical political change, and striking economic and social growth in Europe. The major themes of the struggles between individuals, parties and classes within the state, and between the states themselves are explored within the context of a study of the administration, organisation and growth of European society. The whole book has been fully revised and updated, particularly the section on German history. Professor Hearder has also given greater consideration to many important issues, such as, popular movements of

protest and insurrection, lifestyles, and the role of women. In this fascinating, in-depth account of the hunt for serial killers, Colin Wilson, one of the world's leading authorities on the subject, examines the ways they can be tracked down and caught, from the tried-and-true methods of the early 20th century to the high-tech processes in use today. He examines such areas as psychological profiling, genetic fingerprinting, and the launch of the Behavioural Science Unit. He delves into the importance of fantasy to serial killers, the urge to keep on killing, the desire to become notorious, and murder as an addictive drug. Including the

worst murderers in Britain and America such as Peter Sutcliffe, Fred and Rosemary West, Jeffrey Dahmer and Paul Bernardo, this book is an essential read for true crime enthusiasts.
