Ransom Jun 19 2020 In his first novel in more than a decade, award-winning author David Malouf reimagines the pivotal narrative of Homer's Iliad—one of the most famous passages in all of literature. This is the story of the relationship between two grieving men at war: fierce Achilles, who has lost his beloved Patroclus in the siege of Troy; and woeful Priam, whose son Hector killed Patroclus and was in turn savaged by Achilles. A moving tale of suffering, sorrow, and redemption, Ransom is incandescent in its delicate and powerful lyricism and its unstated imperative that we imagine our lives in the glow of fellow feeling.

Exquisite Corpse Mar 09 2022 From the author of Lost Souls, Drawing Blood, and Wormwood comes a thrilling and chilling novel that bestselling author Peter Straub says serves as a “guidebook to hell.” To serial slayer Andrew Compton, murder is an art, the most intimate art. After feigning his own death to escape from prison, Compton makes his way to the United States with the sole ambition of bringing his “art” to new heights. Tortured by his own perverse desires, and drawn to possess and destroy young boys, Compton inadvertently joins forces with Jay Byrne, a dissolute playboy who has pushed his “art” to limits even Compton hadn't previously imagined. Together, Compton and Byrne set their sights on an exquisite young Vietnamese-American runaway, Tran, whom they deem to be the perfect victim. Swiftly moving from the grimy streets of London's Piccadilly Circus to the decadence of the New Orleans French Quarter, Poppy Z. Brite dissects the landscape of torture and invites us into the mind of a killer. Exquisite Corpse confirms Brite as a writer who defies categorization. It is a novel for those who dare trespass where the sacred and profane become one.

The Corpse Walker Nov 05 2021 The Corpse Walker introduces us to regular men and women at the bottom of Chinese society, most of whom have been battered by life but have managed to retain their dignity: a professional mourner, a human trafficker, a public toilet manager, a leper, a grave robber, and a Falung Gong practitioner, among others. By asking challenging questions with respect and empathy, Liao Yiwu managed to get his subjects to talk openly and sometimes hilariously about their lives, desires, and vulnerabilities, creating a book that is an instance par excellence of what was once upon a time called “The New Journalism.” The Corpse Walker reveals a fascinating aspect of modern China, describing the lives of normal Chinese citizens in ways that constantly provoke and surprise.

Rest in Pieces Feb 25 2021 "IN THE LONG RUN, WE'RE ALL DEAD. But for some of the most influential figures in history, death marked the start of a new adventure. The famous deceased have been stolen, burned, sold, pickled, frozen, stuffed, impersonated, and even filed away in a lawyer's office. Their fingers, teeth, toes, arms, legs, skulls, hearts, lungs, and nether regions have embarked on voyages that crisscross the globe and stretch the imagination. Counterfeiters tried to steal Lincoln's corpse. Einstein's brain went on a cross-country road trip. And after Lord Horatio Nelson perished at Trafalgar, his sailors submerged him in brandy--which they drank. From Mozart to Hitler, Rest in Pieces connects the lives of the famous dead to the hilarious and horrifying adventures of their corpses, and traces the evolution of cultural attitudes toward death"--Back cover.

Mummies, Cannibals and Vampires Oct 12 2019 Mummies, Cannibals and Vampires charts in vivid detail the largely forgotten history of European corpse medicine, which saw kings, ladies, gentlemen, priests and scientists prescribe, swallow or wear human blood, flesh, bone, fat, brains and skin in an attempt to heal themselves of epilepsy, bruising, wounds, sores, plague, cancer, gout and depression. In this comprehensive and accessible text, Richard Sugg shows that, far from being a medieval therapy, corpse medicine was at its height during the social and scientific revolutions of early-modern Britain, surviving well into the eighteenth century and, amongst the poor, lingering stubbornly on into the time of Queen Victoria. Ranging from the execution scaffolds of Germany and Scandinavia, through the courts and laboratories of Italy, France and Britain, to the battlefields of Holland and Ireland, and on to the tribal man-eating of the Americas, Mummies, Cannibals and Vampires argues that the real cannibals were in fact the Europeans. Picking our way through the bloodstained shadows of this remarkable secret history, we encounter medicine cut from bodies living and dead, sacks of human fat harvested after a gun battle, gloves made of human skin, and the first mummy to appear on the London stage. Lit by the uncanny glow of a lamp filled with human blood, this second edition includes new material on exo-cannibalism, skull medicine, the blood-drinking of Scandinavian executions, Victorian corpse-stroking, and the magical powers of candles made from human fat. In our quest to understand the strange paradox of routine Christian cannibalism we move from the Catholic vampirism of the Eucharist, through the routine filth and discomfort of early modern bodies, and in to the potent, numinous source of corpse medicine's ultimate power: the human soul itself. Now accompanied by a companion website with supplementary articles, interviews with the author, related images, summaries of key topics, and a glossary, the second edition of Mummies, Cannibals and Vampires is an essential read for anyone interested in the history of medicine, early modern history, and the darker, hidden past of European Christendom.

The King and the Corpse Jan 19 2023 Drawing from Eastern and Western literatures, Heinrich Zimmer presents a selection of stories linked together by their common concern for the problem of our eternal conflict with the forces of evil. Beginning with a tale from the Arabian Nights, this theme unfolds in legends from Irish paganism, medieval Christianity, the Arthurian cycle, and early Hinduism. In the retelling of these tales, Zimmer discloses the meanings within their seemingly unrelated symbols and suggests the philosophical wholeness of this assortment of myth.

Hope, Faith, and a Corpse Mar 17 2020 In the tradition of M. C. Beaton, Hope Taylor, pastor of a small-town California church, tries to find out who sent a church elder to Heaven. Hope Taylor arrives in Apple Springs to start her new life as the first female pastor of Faith Chapel Episcopal Church. The northern California town's quaint cottages, bungalows, and shops promise a fresh start for the 42-year-old widow and Bogie, her scruffy black Labrador. But where is Father Christopher? The kindly old rector who hired Pastor Hope was supposed to meet her upon her arrival, but he's nowhere to be seen. Hope's faith springs eternal, so she explores the little white church hoping to find Father Christopher. But when she enters the columbarium, she instead finds church elder Stanley King--his skull crushed by a fallen burial urn. Hope had made Stanley's acquaintance before, and had struggled to take a charitable view of his character. Stanley was as wicked as he was wealthy, as petty as he was pious. His soul may have been holy, but his behavior was wholly rotten. The last time Hope had seen him, he had shouted drunkenly that she would preach at Faith Chapel over his dead body. Many of the townsfolk witnessed the altercation, so Hope finds herself as the prime suspect in Stanley's murder. With Bogie's four-footed assistance, Hope is determined to find the real killer and clear her name...even if it will require a bit of divine intervention.

How Animals Grieve Nov 12 2019 From the time of our earliest childhood encounters with animals, we casually ascribe familiar emotions to them. But scientists have long cautioned against such anthropomorphizing, arguing that it limits our ability to truly comprehend the lives of other creatures. Recently, however, things have begun to shift in the other direction, and anthropologist Barbara J. King is at the forefront of that movement, arguing strenuously that we can—and should—attend to animal emotions. With *How Animals Grieve*, she draws our attention to the specific case of grief, and relates story after story—from fieldsites, farms, homes, and more—of animals mourning lost companions, mates, or friends. King tells of elephants surrounding their matriarch as she weakens and dies, and, in the following days, attending to her corpse as if holding a vigil. A housecat loses her sister, from whom she's never before been parted, and spends weeks pacing the apartment, wailing plaintively. A baboon loses her daughter to a predator and sinks into grief. In each case, King uses her anthropological training to interpret and try to explain what we see—to help us understand this animal grief properly, as something neither the same as nor wholly different from the human experience of loss. The resulting book is both daring and down-to-earth, strikingly ambitious even as it's careful to acknowledge the limits of our understanding. Through the moving stories she chronicles and analyzes so beautifully, King brings us closer to the animals with whom we share a planet, and helps us see our own experiences, attachments, and emotions as part of a larger web of life, death, love, and loss.

A Corpse in the Koryo Apr 29 2021 Against the backdrop of a totalitarian North Korea, one man unwillingly uncovers the truth behind series of murders, and wagers his life in the process. Sit on a quiet hillside at dawn among the wildflowers; take a picture of a car coming up a deserted highway from the south. Simple orders for Inspector O, until he realizes they have led him far, far off his department's turf and into a maelstrom of betrayal and death. North Korea's leaders are desperate to hunt down and eliminate anyone who knows too much about a series of decades-old kidnappings and murders---and Inspector O discovers too late he has been sent into the chaos. This is a world where nothing works as it should, where the crimes of the past haunt the present, and where even the shadows are real. A corpse in Pyongyang's main hotel---the Koryo---pulls Inspector O into a confrontation of bad choices between the devils he knows and those he doesn't want to meet. A blue button on the floor of a hotel closet, an ice blue Finnish lake, and desperate efforts by the North Korean leadership set Inspector O on a journey to the edge of a reality he almost can't survive. Like Philip Kerr's Berlin Noir trilogy and the Inspector Arkady Renko novels, *A Corpse in the Koryo* introduces another unfamiliar world, a perplexing universe seemingly so alien that the rules are an enigma to the reader and even, sometimes, to Inspector O. Author James Church weaves a story with beautifully spare prose and layered descriptions of a country and a people he knows by heart after decades as an intelligence officer. This is a chilling portrayal that, in the end, leaves us wondering if what at first seemed unknowable may simply be too familiar for comfort.
