It is driven by a sample application, helping you gradually build a complete microservice-based ecosystem. Rather than just focusing on writing a microservice, this book addresses various other microservice-related solutions: deployments, clustering, load balancing, logging, streaming, and monitoring. The initial chapters offer insights into how web and enterprise apps can be migrated to scalable microservices. Moving on, you'll see how to Dockerize your application so that it is ready to be shipped and deployed. We will look at how to deploy microservices on Mesos and Marathon and will also deploy microservices on Kubernetes. Next, you will implement service discovery and load balancing for your microservices. We'll also show you how to build asynchronous streaming systems using Kafka Streams and Apache Spark. Finally, we wind up by aggregating your logs in Kafka, creating your own metrics, and monitoring the metrics for the microservice. Style and approach This book follows a recipe-driven approach and shows you how to plug and play with all the various pieces, putting them together to build a complete scalable microservice ecosystem. You do not need to study the chapters in order, as you can directly refer to the content you need for your situation.

Better Than New Sep 01 2020 A New York Times and USA Today Bestseller For the first time, Nicole Curtis, the star of the megahit HGTV and DIY Network show Rehab Addict, reveals her private struggles, her personal victories, and the inspiring lessons we can all learn from them. Nicole Curtis is the tough, soulful, charismatic dynamo who for the past twenty years has worked tirelessly to restore historical houses, often revitalizing neighborhoods in the process. And also, in the process, drawing millions of fans to her television show, Rehab Addict, where they follow each step of the hard work and singular vision that transform the seemingly lost cause of a run-down building into a beautifully restored home. Followers of the show will get an inside look at some of her most famous restorations, including the Dollar house, the Minnehaha house, the Campbell Street project, and the Ransom Gillis mansion. Part inspirational memoir and part self-help guide, Better Than New is a journey in eight chapters—each pinned to the story of a house that Curtis has remodeled, each delivering a hard-fought lesson about life—that takes readers to the place we all want to be: home.
