Pearson's Comprehensive Medical Assisting Sep 16 2022 "Medical assistants connect with people every hour of every day. They are the first line of medical care for many patients. To assist the physician with examining and treating patients, medical assistants must have a thorough knowledge of the structure and systems of the human body as well as a thorough knowledge of the procedures the physician performs and the procedures the medical assistant performs. At the same time, medical assistants must make every patient in a physician's office feel secure. They must comfort. They must listen. They must explain. They must demonstrate. Medical assistants help every patient feel like the only patient"--
