Longlisted for the Center for Fiction's 2022 First Novel Prize! "Belinda Huijuan Tang's debut novel is a beautifully drawn, sensitively rendered portrait of a man desperately searching for his father—and for reconnection to the past and people he once knew and loved. Both rich in historical detail and timeless in scope, *A Map for the Missing* explores the costs of choosing your own path, whether what's left behind can ever be retrieved, and whether it is possible to forgive the wounds we inevitably inflict on each other." —Celeste Ng, #1 New York Times bestselling author of *Little Fires Everywhere* "An engrossing saga of a

young mathematician caught between two countries, two cultures, two eras, and two loves. Set against the violent turmoil of the Chinese Cultural Revolution, this powerful debut explores the wrenching impact of political ideologies on individual lives in a way that is resonant and timely.” —Ruth Ozeki, author of *The Book of Form and Emptiness* and *A Tale for the Time Being* An epic, mesmerizing debut novel set against a rapidly changing post-Cultural Revolution China, *A Map for the Missing* reckons with the costs of pursuing one’s dreams and the lives we leave behind Tang Yitian has been living in America for almost a decade when he receives an urgent phone call from his mother: his father has disappeared from the family’s rural village in China. Though they have been estranged for years, Yitian promises to come home. When Yitian attempts to piece together what may have happened, he struggles to navigate China’s impenetrable bureaucracy as an outsider, and his mother’s evasiveness only deepens the mystery. So he seeks out a childhood friend who may be in a position to help: Tian Hanwen, the only other person who shared Yitian’s desire to pursue a life of knowledge. As a teenager, Hanwen was “sent down” from Shanghai to Yitian’s village as part of the country’s rustication campaign. Young and in love, they dreamed of attending university in the city together. But when their plans resulted in a terrible tragedy, their paths diverged, and while Yitian ended up a professor in America, Hanwen was left behind, resigned to life as a midlevel bureaucrat’s wealthy housewife. Reuniting for the first time as adults, Yitian and Hanwen embark on the search for Yitian’s father, all the while grappling with the past—who Yitian’s father really was, and what might have been. Spanning the late 1970s to 1990s and moving effortlessly between rural provinces and big cities, *A Map for the Missing* is a deeply felt examination of family and forgiveness, and the meaning of home. Herself a biologist, Julie E. Czerneda has earned a reputation in science fiction circles for her ability to create beautifully crafted, imaginative, yet believably realized alien races. In *Survival*, the first novel in her new series, *Species Imperative*, she draws upon this talent to build races, characters, and a universe which will draw readers into a magnificent tale of interstellar intrigue, as an Earth scientist is caught up in a terrifying interspecies conflict. Senior co-administrator of the Norcoast Salmon Research Facility, Dr. Mackenzie Connor, Mac to her friends and colleagues, was a trained biologist, whose work had definitely become her life. And working at Norcoast Base, set in an ideal

location just where the Tannu River sped down the west side of the Rocky Mountains to the Pacific Coast was the perfect situation for Mac. She and fellow scientist Dr. Emily Mamani were just settling in to monitor this year's salmon runs when their research was interrupted by the unprecedented arrival of Brymn, the first member of the alien race known as the Ohryn to ever set foot on Earth. Brymn was an archaeologist, and much of his research had focused on a region of space known as the Chasm, a part of the universe that was literally dead, all of its worlds empty of any life-forms, though traces existed of the civilizations that must once have flourished in the region. Brymn had sought out Mac because she was a biologist -- a discipline strictly forbidden among his own people -- and he felt that through her expertise she might be able to help him discover what had created the Chasm. But Mac had little interest in alien races and in studies that ranged beyond Earth, and as politely as she was capable of, she tried to make it clear that she was unwilling to abandon her own work. However, the decision was soon taken out of her hands when a mysterious and devastating attack on the Base resulted in the abduction of Emily, and forced Mac to flee for her life with Brymn and the Earth special agents who were escorting him. Suddenly, it appeared that Earth itself might be under attack by the legendary race the Ohryn called the Ro, the beings they thought might be the destructive force behind the Chasm. Cut off from everything and everyone she knew, Mac found herself in grave danger and charged with the responsibility of learning everything she could that might possibly aid Earth in protecting the human race from extinction... These vampires don't sparkle...they bite. Maybe it's time to move on and let go of the past and realize that he may just deserve a real shot at love. This is the final chapter in the Against The Wall Series. Be sure to catch the first three ... Against The Wall Between The Sheets Straddling The Edge With humor and insight, Julie O'Neill chronicles her family's journey on the John Muir trail in the High Sierras as she battles her inner fears reliving a backpacking adventure turned disaster that almost took her life 16 years earlier. Along the way, she sets a powerful case for children and adults to unplug in nature, in order to reconnect in everyday life, and in Julie's case, find healing. Living Without Walls convincingly shows that the more high-tech we get, the more we need to take the time to introduce our children-and reintroduce ourselves-to nature and to our very own humanity. Part memoir, part manifesto, Living Without Walls is a testament to the power of nature to tend to the whole person as portrayed in this blazingly honest, entertaining, and savvy account. From Julie's near-death experience in 1996 that nearly stopped her from setting foot in the wilderness again to the heartwarming moments that come from uninterrupted time as a family on the trail, Living Without Walls will captivate and inspire, as you join the O'Neills in their summer cruising at 2 1/2 miles per hour. Nine fiercely beautiful, impossible-to-put-down stories from a young writer who has already received immediate worldwide attention. Julie Orringer's characters-all of them submerged by loss, whether of parents or lovers or a viable relationship to the world in general-struggle mightily against the wildly engulfing forces that threaten to overtake us all. All of them learn, gloriously if at great cost, how to breathe underwater. In "Pilgrims," a band of motherless children torment each other on Thanksgiving day. In "The Isabel Fish," the sole survivor of a drowning accident takes up scuba diving. In "When She Is Old and I Am Famous," a young woman confronts the inscrutable power of her cousin's beauty ("Aida. That is her terrible name. Ai-ee-duh: two cries of pain and one of stupidity"). In "The Smoothest Way Is Full of Stones," the failure of religious and moral codes-to

protect, to comfort, to offer solace-is seen through the eyes of a group of Orthodox Jewish adolescents discovering the irresistible power of their burgeoning sexuality. In story after story, Orringer captures moments when the dark contours of the adult world come sharply into focus: Here are young people abandoned to their own devices, thrust too soon into predicaments of insoluble difficulty, and left to fend for themselves against the wide variety of human trouble. Buoyed by the exquisite tenderness of remembered love, they learn to take up residence in this strange new territory, if not to transcend it, and to fashion from their grief new selves, new lives. Orringer's debut collection blazes with emotion, with human appetite, with fortitude, with despair; these nine uncommonly wise and assured stories introduce an astonishing new talent. Julie Milligan has the perfect New York City life - until the one man she can't let go of returns. Lead guitarist Anthony Russo is stuck in the City after a car wreck leaves him unable to tour. He's back to constant contact with Julie - the one woman he was stupid enough to lose. A second chance is hopeful, but can they risk everything for love? A Top-Secret U.S. special black operations group has been covering up alien visitations and secret alien UFO research projects for decades. This time, they went too far. They are holding a real live alien captive at Area 51 and will do anything to prevent this alien from meeting with the President and going public, finally proving once and for all that extraterrestrials do exist. This Top-Secret organization is called Extraterrestrial Counter Threat Group (ECTG). It is run by a high-ranking Pentagon Chief of Staff Space Force general who heads a secret team of scientists tasked with reverse engineering advanced UFO spacecraft held at Area 4, which is part of the highly restrictive Area 51 military base in Nevada. The ECTG will do anything to prevent this alien from meeting with the President of the United States, including murdering a Washington Post investigative reporter in the name of National Security. With help from a woman staff reporter for the Washington Post and a special agent for the Airborne Object Identification Group (AOIG), the alien finally escapes captivity and meets with the President of the U.S. at Camp David. The alien has an important message and offer of help for the President and the people on this planet. The question becomes, will people listen to the message or

ignore the peril the world is facing in this time of extreme environmental crises? "An excellent collection... breaks new ground in many areas. Should make a substantial impact on the discussion of the contemporary influence of Anglo-Saxon Culture". Conor McCarthy, author of *Seamus Heaney and the Medieval Imagination* Britain's pre-Conquest past and its culture continues to fascinate modern writers and artists. From Henry Sweet's *Anglo-Saxon Reader* to Seamus Heaney's *Beowulf*, and from high modernism to the musclebound heroes of comic book and Hollywood, Anglo-Saxon England has been a powerful and often unexpected source of inspiration, antagonism, and reflection. The essays here engage with the ways in which the Anglo-Saxons and their literature have been received, confronted, and re-envisioned in the modern imagination. They offer fresh insights on established figures, such as W.H. Auden, J.R.R. Tolkien, and David Jones, and on contemporary writers such as Geoffrey Hill, Peter Reading, P.D. James, and Heaney. They explore the interaction between text, image and landscape in medieval and modern books, the recasting of mythic figures such as Wayland Smith, and the metamorphosis of *Beowulf* into *Grendel* - as a novel and as grand opera. The early medieval emerges not simply as a site of nostalgia or anxiety in modern revisions, but instead provides a vital arena for creativity, pleasure, and artistic experiment. Jac Jemc's *The Grip of It* is a chilling literary horror novel about a young couple haunted by their newly purchased home. Touring their prospective suburban home, Julie and James are stopped by a noise. Deep and vibrating, like throat singing. Ancient, husky, and rasping, but underwater. "That's just the house settling," the real estate agent assures them with a smile. He is wrong. The move—prompted by James's penchant for gambling and his general inability to keep his impulses in check—is quick and seamless; both Julie and James are happy to start afresh. But this house, which sits between a lake and a forest, has its own plans for the unsuspecting couple. As Julie and James try to establish a sense of normalcy, the home and its surrounding terrain become the locus of increasingly strange happenings. The framework—claustrophobic, riddled with hidden rooms within rooms—becomes unrecognizable, decaying before their eyes. Stains are animated on the wall—contracting, expanding—and map themselves onto Julie's body in the form of painful, grisly bruises. Like the house that torments the troubled married couple living within its walls, *The Grip of It* oozes with palpable terror and skin-prickling dread. Its architect, Jac Jemc, meticulously traces Julie and James's unsettling journey through the depths of their new home as they fight to free themselves from its crushing grip. I hate camp. I just hate it. I wish I didn't. But I do. Being here is worse than bug juice on a burger. Or homework on Thanksgiving. Or water seeping into my shoes. In this sequel to *Like Pickle Juice on a Cookie*, Eleanor is off to summer camp. At first she's excited, but when she gets there she finds bugs, no electricity, and terrible food. And

worst of all: swim class, where she just can't seem to keep up with the other campers. But as the days go by, Eleanor realizes that life is full of special surprises—even after some belly flops. Praise for Like Bug Juice on a Burger "Eleanor doesn't just survive, she grows...Readers will celebrate and look forward to more." —Kirkus Reviews "Sternberg gets all of the details exactly right, from the "orange, oozing sloppy joes" to the frustrations of trying to swim in a life jacket. susan dove lempke." —The HornBook "This is a really sweet novel in verse and a good sequel to Like Pickle Juice on a Cookie (Abrams, 2011), though it works fine as a stand-alone." —School Library Journal "Eleanor's tentative yet heartfelt voice comes through as clearly as in the first volume, with the short, ragged-right-margin lines as approachable as her personality. Sternberg is particularly deft at leaving young-reader-sized room for interpretation and extrapolation." —The Bulletin of the Center for Children's Books "This sequel to Like Pickle Juice on a Cookie (2011) is just as endearing and wise, illustrating how small triumphs can help children survive what, at the time, seems an insurmountable trial." —Booklist Award Bulletin of the Center for Children's Books Blue Ribbons List 2013 Honor list - 2014 Gryphon Award Featuring a dozen warm and cozy designs, County Seat Quilts is the culmination of a year-long quilt club at coauthor Julie Hendricksen's Wisconsin quilt shop, J.J. With her father away for the weekend, Julie comes downstairs to join the servants as they party, initiating a sexually-charged power game with her father's butler. Unable to speak English at first, Qian and her parents must work wherever they can to survive, all while she battles hunger and loneliness at school. Thus begins an extraordinary story that describes days labouring in sweatshops and sushi factories, nights scavenging the streets for furniture, and the terrifying moment when the family emerges from the shadows to seek emergency medical treatment for Qian's mother. Qian Julie Wang's memoir is an unforgettable account of what it means to live under the perpetual threat of deportation and the small joys and sheer determination that kept her family afloat in a new land. Told from a child's perspective, in a voice that is intimate, poignant and startlingly lyrical, *Beautiful Country* is the story of a girl who learns first to live - and then escape - an invisible life. When brilliant FBI agent Kendra Donovan stumbles back in

time and finds herself in a 19th century English castle under threat from a vicious serial killer, she scrambles to solve the case before it takes her life—200 years before she was even born. Beautiful and brilliant, Kendra Donovan is a rising star at the FBI. Yet her path to professional success hits a speed bump during a disastrous raid where half her team is murdered, a mole in the FBI is uncovered and she herself is severely wounded. As soon as she recovers, she goes rogue and travels to England to assassinate the man responsible for the deaths of her teammates. While fleeing from an unexpected assassin herself, Kendra escapes into a stairwell that promises sanctuary but when she stumbles out again, she is in the same place - Aldrich Castle - but in a different time: 1815, to be exact. Mistaken for a lady's maid hired to help with weekend guests, Kendra is forced to quickly adapt to the time period until she can figure out how she got there; and, more importantly, how to get back home. However, after the body of a young girl is found on the extensive grounds of the county estate, she starts to feel there's some purpose to her bizarre circumstances. Stripped of her twenty-first century tools, Kendra must use her wits alone in order to unmask a cunning madman. Sure, there are lots of "make it quick" quilt patterns available -- but how many of these designs are also fun to create and highly decorative to use? These eight designs by Julie Bohringer are amazingly fast to finish with fused and Blanket-Stitched appliqué and are (mostly) machine embroidered. In fact, the Blanket Stitches double as quilting because they're worked through all the quilt layers. Once your appliqués are stitched, just add the binding and hang your little quilt on the wall! Seven projects are 10.5" x 29" and one (Waves of Glory) is 8" x 30". This refreshing approach to appliqué is also a great way for beginners to discover the rewarding hobbies of sewing and quilting. Stapled; 52 pages. 8 designs to appliqué and quilt in one step: Better by the Bushel (apples), Autumn Blaze (fall leaves), Season of Peace (poinsettia), O Christmas Tree (tree), Hot Stuff (chile peppers), Ride 'Em Cowboy (rodeo), Tools of the Trade (teaching), and Waves of Glory (American flag). Documents the personal and professional life of the musical star of stage and screen. A ten-year-old girl learns the importance of family and community in this tale of love and hope set during the Hurricane Katrina

disaster. Armani Curtis can think about only one thing: her tenth birthday. All her friends are coming to her party, her mama is making a big cake, and she has a good feeling about a certain wrapped box. Turning ten is a big deal to Armani. It means she's older, wiser, more responsible. But when Hurricane Katrina hits the Lower Nines of New Orleans, Armani realizes that being ten means being brave, watching loved ones die, and mustering all her strength to help her family weather the storm. A powerful story of courage and survival, *Upside Down in the Middle of Nowhere* celebrates the miraculous power of hope and love in the face of the unthinkable. Praise for *Upside Down in the Middle of Nowhere* "Lamana goes for and achieves realism here, carefully establishing the characters and setting before describing in brutal detail, beyond what is typical in youth literature, the devastating effects of Katrina—loss of multiple family members, reports of attacks in the Superdome, bodies drifting in the current and less-than-ideal shelter conditions. An honest, bleak account of a national tragedy sure to inspire discussion and research." —Kirkus Reviews "I recommend the book because I think it does a good job of capturing what life was like in New Orleans both before and after Katrina and because Armani's journey will give readers a lot to think about and discuss. But parents will want to know that it doesn't flinch when describing the death and destruction that hit New Orleans during that time and be cautious with younger, sensitive readers." —Cindy Hudson, author of *Book by Book*
