In the final installment of the Star-Crossed Series, we find Eden Matthews a prisoner in the very household she set out to destroy. She's without magic and engaged to the same boy who betrayed her and everyone she loves. With her wedding looming on the horizon, conditions for her people continue to worsen and her goal of offering her kingdom freedom seems further away than ever. Her brother is free, however, and building a Rebellion that hopes to rescue her. Eden's parents are working with the Resistance. And inside the Citadel, Eden finds more allies than she thought possible. But there is more at stake for Eden than just an unwanted marriage. Her heart is on the line too as she fights the pressures of palace life, the prejudice ingrained in her people, and a seemingly unbeatable king. That is, until the next morning when she finds the pilfered items in her apartment and a strange mark on her arm. Before long, she discovers there's a supernatural realm seething unknown beneath her feet. And she just might long for the simple days of a heist gone bad... And that's how her mama lived. It's the life I was born into and it's the life I swore I would leave the second I was old enough to make it out. Only legacies have a funny way of sneaking up on you. New York Times Bestselling author Samantha Young writing as S. Young (Previously published in 2011 under the title *Smokeless Fire* (A Fire Spirits Novel)) A week ago, Ari Johnson had two worries--how she would tell her dad she didn't want to go to college and how she'd mend her broken friendship with Charlie, who she's secretly loved since they were kids. But when she's transported from her bedroom into the chilling realm of the jinn, Ari soon has much bigger problems to deal with. Not only does she discover she's not human, but Ari's a lost princess and a pawn in a war between a terrifyingly powerful sultan and his sons, the Seven Kings of Jinn. To make matters worse, she's been assigned a brooding bodyguard, Jai Bitar, a too-sexy-for-his-own-good jinn who shadows her every step and only complicates an already complex situation. While Ari tries to make sense of her new reality, she'll have to battle ancient deadly creatures, epic family drama, and heart-wrenching romantic entanglements. And that's merely the beginning... Ivy Pierce has been to Hades and back trying to escape Nix and his evil plans to use her. After a failed attempt to save her loved ones, she was forced to leave her friends, her sister and the boy she had fallen in love with, Ryder Sutton. And yet Olympus isn't finished with her yet. As Nix plots to overthrow the legendary mountain, Ivy is pulled back into the twisted, manipulative world of the Greek pantheon. Thrust into the middle of an ancient feud, Ivy will learn

quickly that Nix is not the only threat to her freedom and not the only god interested in using her unique skillset to resurrect the Age of Olympus. In a deadly game between two powerful factions of Greek gods, Ivy will have to battle both fate and the Fates in order to secure her future once and for all. She will discover new powers, fight for her friends' lives and convince the only boy she has ever loved that he can trust her again. In the end, she'll learn the hardest lesson of all. This isn't a fable or a Greek myth, her life is a love story. I quit life. Or at least my new job. My new, fancy, head chef position at one of the most acclaimed restaurants in the city is not turning out like I'd hoped. I'm a mess. Totally out of my element and underqualified, I've been thrown into a fiery kitchen and I'm not sure I can handle the heat. On top of that, my personal life is falling apart. And to make matters worse, my best friend's brother keeps popping up at all my worst moments to save the day. I've never claimed to have it together, but I certainly don't need a man to rescue me every time I get my heel stuck in a sewer grate. Except that's what keeps happening. Vann Delane is pushy and stuck up and thinks he knows everything there is to know about everything. And for whatever reason, he keeps saving me. Not that he's happy about it. He's made it clear what he thinks about my money and dream job and the designer shoes he saved last weekend. He's not impressed with me and my penchant for disaster. I've decided to stay away from him. I've got too many other fires to put out to worry about the something between us that doesn't have a name. So, he can give his knight in shining armor kindness to someone else. And he can save those intense glances and butterfly-inducing smiles for the nice girl he's looking for. And he can deny it all he wants, but I know he likes me. He says I drive him crazy. But I know there's something about me that he can't deny. A compelling investigation into the minds, motives, and methods of con artists and the people who fall for their cons over and over again. The King had a good head on his shoulders—for the moment, anyway. Everyone agreed that King Jorian of Xylar had been a good and just ruler. In fact, many also agreed that, in this case, it was a pity that the laws of Xylar decreed that each randomly chosen King must reign for only five years and then, after due pomp and ceremony, have his head cut off! Understandably, Jorian himself was wholeheartedly in agreement with the second sentiment, so with the help of a spell provided by the wizard Karadur, he escaped from the beheading ceremony with his head still on his shoulders. Unfortunately, his beloved wife, Queen Estrildis, was left behind, and getting her out of Xylar would be anything but simple—particularly with the Royal Guard of Xylar hot on the trail of their fugitive monarch. With Karadur's magic, Jorian might be able to pull off the rescue. But first, he would have to locate a trove of ancient spells, deal with an enemy wizard, steal an item from a 500-year-old (but still beautiful) princess who turns into a giant serpent at inopportune moments, repair the giant tower clocks of Iraz to fulfill a prophecy, break a pirate siege, and finally fly back to Xylar in an enchanted bathtub and whisk away his beloved Estrildis before the Royal Guard notices that their King (not to mention his head) has returned. Then things began to get complicated... At the publisher's request, this title is sold without DRM (Digital Rights Management). Taking a unique approach to self-help, this guide demonstrates how conveying love and compassion to others—whether communicated through a simple smile or by holding a dying soul—can act as antidotes to the often painful human condition. Revealing the small steps that can be taken to improve the attitudes of others and therefore create happiness for the self, this handbook presents a collection of encouraging stories illustrating the strength of the human spirit. Emphasizing that all people have within them the ability to make a difference, this emboldened exploration argues for this power to be acted upon, thereby ensuring a dependable sense of well-being amidst the turmoil of today. A life not her own—A future already decided. Every facet of Ivy Pierce's life is meticulously planned out and plotted. Cynical and jaded by sixteen, Ivy's

only hope is to escape the legacy she was born into. She has a plan, a carefully thought out, feasible plan. She just has to play by the rules until everything falls into place. Unfortunately as predictable as her life can be, she never sees Ryder Sutton coming. He tumbles into her life unimpressed and untouched by her and the life she lives. He's an enigma to her. A gorgeous, frustrating, sincere mystery and a complete phenomenon in the ugly world she lives in. What blooms between them is a fiercely intense attraction that cannot be ignored. Even though they would both be better off without each other—Even if both their lives depend on staying apart. In Ivy Pierce's world, Greek mythology is reality. Sirens, like herself, use men for money, power and status; but she has the greatest gift of all. Stronger than any of the Siren's before her, Ivy's attraction alludes to a prophecy that could mean the rebirth of Greek gods and goddesses for our modern time. The Fates believe she is the symbol of a new era. Her mother believes she is the key to ultimate power in their Greek circle. And Nix, her godfather and god of the sea, believes she belongs to him. Ivy doesn't want any part of her world or the people that demand so much of her. With the help of Ryder Sutton, her closest friend, she will fight against fate, against the expectations of her society and against the desires of a monster that will do anything to possess her. And through it all she will deny her feelings for the one person she loves more than anything in order to protect him. While her future crumbles around her, Ivy will go to extreme lengths to free herself from her glass prison—or drown trying. Can they be fearless enough to save the world's magic?

Rocío Lopez and Finn Lockwood are finally reunited—but under desperate circumstances. Magic is raging, and the mage community is in chaos as the Confed struggles to hold onto its secrets. Rocío believes exposing those secrets is the key to saving the world's magic. Adrift from his old life after the deadly disaster that rocked his family, Finn scrambles to support the rebellion's efforts however he can. But his connections to the old-magic world may be his greatest asset—if he can find a way to bridge the divide. With tensions rising between the Dull authorities and magical society, a revolution might not be enough to turn the tide. Can Rocío and Finn find the strength in themselves and each other to prevent an even greater catastrophe? Fearless Magic is the final book in the Conspiracy of Magic series. with them yet. Fate is just getting started. Amber Sand is not a witch. The Sand family magical gene somehow leapfrogged over her. But she did get one highly specific bewitching talent: she can see true love. As a matchmaker, Amber's pretty far down the sorcery food chain (even birthday party magicians rank higher), but after five seconds of eye contact, she can envision anyone's soul mate. Amber works at her mother's magic shop -- Windy City Magic -- in downtown Chicago, and she's confident she's seen every kind of happy ending there is: except for one--her own. (The Fates are tricky jerks that way.) So when Charlie Blitzman, the mayor's son and most-desired boy in school, comes to her for help finding his father's missing girlfriend, she's distressed to find herself falling for him. Because while she can't see her own match, she can see his -- and it's not Amber. How can she, an honest peddler of true love, pursue a boy she knows full well isn't her match? *The Best Kind of Magic* is set in urban Chicago and will appeal to readers who long for magic in the real world. With a sharp-witted and sassy heroine, a quirky cast of mystical beings, and a heady dose of adventure, this novel will have you laughing out loud and questioning your belief in happy endings. Virginia Hutton embarks upon an experiment. She will take an ape and raise it as a human child...She purchases an infant orangutan and names him Appius. She clothes him, feeds him, and puts him to bed in a cot every night. As Appius grows older, she teaches him to dress himself, to speak, to read, to stand and walk up straight, to eat his meals at the dining table with a knife and fork. She teaches him how to be human. The young orangutan is not always a willing student. Their relationship becomes fraught and flits between that of mother and child, teacher and student, scientist and experiment. But as Appius gains knowledge he moves ever closer to the one discovery Virginia does not want him to make: that of his true origins. My name is Clover Calloway and I've lived two separate lives. He upends everything I thought I wanted and forces me to question the reasons I left Bright Tragedy all those years ago. But I didn't walk away five years ago, I ran. As fast as I could go.
