This is an all-new analytical Greek lexicon, based on the critical Greek text (UBS3), with Goodrick / Kohlenberger numbers and new grammatical paradigms. An excellent study tool for first-year students of New Testament Greek! Focusing on 1 John, this well-designed workbook gives students the opportunity to study an entire short work rather than selected sections of longer books. Each chapter features vocabulary; exercises focusing on grammar, syntax, and word studies; and questions for further study that provide a comprehensive understanding of theological exegesis and syntactical analysis. This companion to Basics of Biblical Greek and Greek Grammar Beyond the Basics contains annotated readings from the New Testament designed for second-year students of the Greek language. A WORKBOOK to Help You Learn the Essentials of Biblical Greek So You Can Study the New Testament More Deeply The Greek for the Rest of Us Workbook is a companion to Greek for the Rest of Us, Third Edition (sold separately) by William D. Mounce. This workbook provides exercises to help readers practice and review, so

they learn the essentials of biblical Greek more effectively and can study the New Testament more deeply. Greek for the Rest of Us, Third Edition is crash-course on "Greek for the rest of us" that acquaints the reader with the essentials of the language so they can study the New Testament more deeply. Readers will gain a sound knowledge of the fundamentals of Greek and learn how to use tools that will add muscle to their Bible studies. Readers using the Greek for the Rest of Us Workbook in conjunction with Greek for the Rest of Us, Third Edition will learn to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Understand why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software The Greek for the Rest Us Workbook will enhance your learning experience with exercises to help you practice and reinforce the concepts you are learning in Greek for the Rest of Us, Third Edition. A 6-DVD set, Basics of Biblical Greek Video Lectures features an integrated approach to learning New Testament Greek, turning it into a natural process and showing from the start how an understanding of the language helps in better comprehending the New Testament. This DVD set features 36 lessons, each twenty to thirty-five minute, for each chapter in Basics of Biblical Greek Grammar. Useful as a complement to the book or as a standalone resource, the lectures are perfect for formal Greek language students who miss a classroom lecture or want additional help in their learning; instructors wanting to devote classroom time to drills and exercises, providing a lecture tool students can watch on their own time; homeschool parents and students; and self-taught students of biblical Greek alike. Students of biblical Greek and Hebrew may not know everything they need to know, but they do know there's a lot they need to know! Whether studying for exams or translating passages of Scripture, students need critical information at their fingertips. Instead, it's usually scattered throughout textbooks, self-made crib sheets, and sticky-notes on their computer monitor. Now there's a better way! The Zondervan Get an A! Study Guides to Biblical

Greek and Biblical Hebrew are handy, at-a-glance study aids ideal for last minute review, a quick overview of grammar, or as an aid in translation or sermon preparation. Each set contains four information-packed sheets that are laminated and three-hole-punched, making them both durable and portable. The study guides are tied to Zondervan's Basics of Biblical Greek and Basics of Biblical Hebrew. John Dobson has a world-wide reputation as a highly respected and successful teacher of New Testament Greek. This course has been taught to groups ranging in size from a few people to over one hundred students, language students as well as those who have never studied a foreign language before, English speakers as well as those for whom English is a second language. The material can be used with equal ease in: *an intensive six-week course *a regular academic language programme *a part-time extension module *self-study, possibly with a mentor To develop his innovative and highly effective teaching method, John Dobson has applied the latest research findings on how people learn. This third edition of Learn New Testament Greek has been revised and updated to include an accented text. It is a complete student textbook as well as a comprehensive resource for teachers. This pack contains everything you need to learn the original language of the New Testament, no matter if you are already enrolled in a class or learning on your own. It includes 36 video lessons on six DVDs, the most popular introductory Greek grammar today (Basics of Biblical Greek), along with the corresponding workbook, audio, and other necessary tools. First published in 1993, William Mounce's Basics of Biblical Greek Grammar, now in its third edition, has consistently been rated as the most helpful introduction to the field, and a collection of complementary tools provides readers with a holistic learning experience. In addition to the textbook, the pack includes: Basics of Biblical Greek Video Lectures, featuring 36 video lessons accompanying the passages in the textbook. Basics of Biblical Greek Workbook, with study exercises and passages for translation practice. Basics of Biblical Greek Vocabulary Cards, including 1,000 vocabulary flashcards for studying. Basics of Biblical Greek Vocabulary Audio, to help with correct pronunciation and ordered according to the textbook. Biblical Greek

Laminated Sheet, for a quick reference guide to common language questions. The Learn Biblical Greek Pack includes everything you need to start learning Greek today and find new depth reading God's Word in the language it was originally written. Depth, accuracy, relevancy and up-to-date presentation make this intermediate Greek grammar the finest available. Written by a world-class authority on textual criticism, it links grammar and exegesis to provide today's second-year Greek student with solid exegetical and linguistic foundations. First published in 1993, Basics of Biblical Greek is the most popular introduction to the field, used in universities and seminaries around the world. Over 250,000 students have learned biblical Greek under its guidance. This significant third edition has been carefully developed in consultation with instructors, students, self-learners, and homeschoolers. Users can now take advantage of the many improvements made to the book's website, www.BillMounce.com, where they will find--for free--an online course that walks students through every chapter, vocabulary flashcards, video and audio helps, Greek fonts, quizzes for each chapter, fun songs and games, and much more. Now in a larger size, with an attractive 2-color design, the third edition adds an element of fun, with encouragement, songs, and more, which appear in the margins. Chapter 35 has been split into two chapters, "half-time review" sections have been added to every chapter, and new exegesis sections are now included. These and other improvements serve to enhance the learning experience and will continue BBG's legacy as the premier introduction to biblical Greek. This pack contains everything you need to learn the original language of the New Testament, whether you are enrolled in a class or learning on your own. It includes the most popular introductory Greek grammar today (Basics of Biblical Greek), the corresponding workbook, 36 video lessons on six DVDs, and other important learning tools. The Greek for the Rest of Us Laminated Sheet is a handy, at-a-glance study aid, ideal for last minute review, a quick overview of grammar, or as an aid in Bible study. The laminated sheet is a companion resource for Greek for the Rest of Us, Third Edition (sold separately) by William Mounce and is a critical part of acquainting readers with the essentials of the language and

deepening their understanding of God's Word. When used in conjunction with *Greek for the Rest of Us, Third Edition* this laminated study sheet will help readers: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Understand why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software This expanded and updated workbook is designed with the student in mind and intended for use with the standard-setting *Basics of Biblical Greek Grammar* textbook, now in its fourth edition. Two optional chapters have been added to the *Basics of Biblical Greek Workbook*, allowing students to read large chunks of the biblical text and enjoy the fruits of their labor faster than ever before. Each chapter is divided into six sections and includes extensive exercises and significant biblical passages for translation. One of the most helpful and unique features of the workbook remains. You can go through the workbook on one of two tracks: Track One follows the workbook (and textbook) in its regular order, while Track Two is organized so you can learn verbs earlier in the course. *Basics of Biblical Greek (BBG)* third edition uses feedback from professors, students, and home schooling parents to continue offering an innovative and integrated approach to teaching and learning New Testament Greek. BBG makes learning Greek a natural process, and shows how an understanding of Greek helps in understanding the New Testament. This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching, emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, with exercises appearing within each chapter rather than pushed to the end or located in a separate book. This enables students to practice concepts as they encounter them in the chapter--ideal for distance learning or studying beyond the traditional classroom. The book covers not only New Testament Greek but also the

wider range of Bible-related Greek (LXX and other Koine texts). It introduces students to reference tools for biblical Greek, includes tips on learning, and is supplemented by robust web-based resources through Baker Academic's Textbook eSources. Resources for students include flash cards and audio files. Resources for professors include a test bank and an instructor's manual. Daniel B. Wallace's groundbreaking books *Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament* and *Basics of New Testament Syntax* have become the standard textbooks among colleges and seminaries for teaching New Testament Greek syntax. This workbook, designed to accompany both books, presents a dynamic approach to learning Greek syntax. Instead of simply learning syntax in single-verse snippets, students are exposed to all of the major syntactical categories in exegetically and theologically significant passages. If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of *Greek for the Rest of Us* is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software Now in its third edition, *Learn to Read New Testament Greek* is revised for the first time in fifteen years to include updated scholarship and additional reference notes. A veteran teacher guides students step-by-step through the Greek text of 1-3 John. *Basics of the Biblical Greek* is an entirely new, integrated approach to teaching and learning New Testament Greek. It

makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament scholar, that demonstrates how the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And complimentary teacher helps are located on the author's website (<http://www.homeschooling.org>). A Clear Guide to Help Readers Understand Why They Can Trust the Bible We are often told we can no longer assume that the Bible is trustworthy. From social media memes to popular scholarship, so many attacks have been launched on the believability of Scripture that many have serious questions about the Bible, such as: Did Jesus actually live? Did the biblical writers invent their message? How can we trust the gospels since they were written so long after Jesus lived? How can we believe a Bible that is full of internal contradictions with itself and external contradictions with science? Aren't the biblical manuscripts we have just copies of copies that are so corrupted they don't represent what the original authors wrote? Why should we believe the books that are in the Bible, since many good ones were left out, like the Gospel of Thomas? Why trust the Bible when there are so many contradictory translations of it? If you find yourself unable to answer questions such as these, but

wanting to, Why I Trust the Bible by eminent Bible scholar and translator William Mounce is for you. These questions and more are discussed and answered in a reasoned, definitive, and winsome way. The truth is that the Bible is better attested and more defensible today than it ever has been. Questions about the Bible are perhaps the most significant challenge confronting Christian faith today, but they can be answered well and in a way which will lead to a deeper appreciation for the truth and ongoing relevance of the Bible. The Basics of New Testament Syntax provides concise, up-to-date guidance for intermediate Greek students to do accurate exegesis of biblical texts. Abridged from Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament, the popular exegetical Greek grammar for studies in Greek by Daniel B. Wallace, The Basics of New Testament Syntax offers a practical grammar for second-year students. The strengths of this abridgment will become quickly apparent to the user: • It shows the relevance of syntax for exegesis and is thoroughly cross-referenced to Exegetical Syntax. • It includes an exceptional number of categories useful for intermediate Greek studies. • It is easy to use. Each semantic category is discussed, and a definition and key to identification are provided. • Scores of charts and tables are included to enable the intermediate student to grasp the material quickly. Clear. Understandable. Carefully organized. Basics of Biblical Greek Grammar by William D. Mounce is the standard textbook for colleges and seminaries. Since its initial publication in 1993 its integrated approach has helped more than 250,000 students learn New Testament Greek. The fourth edition of Basics of Biblical Greek Grammar has been updated throughout based on continuing feedback from professors, students, self-learners, and homeschoolers, making it even more effective for today's students. As well, improvements have been made based on recent developments in scholarship. The key to the effectiveness of Basics of Biblical Greek Grammar in helping students learn is in how it introduces them to the language. Students learn about the features of the Greek language in a logical order, with each lesson building upon the one before it. Unnecessary obstacles that discourage students and hinder progress are removed, such as rote memorization of

endless verbal paradigms. Instead students receive encouragement along the way to assure them they are making the necessary progress. As well, detailed discussions are included at key junctures to help students grasp important concepts. By the time students have worked their way through Basics of Biblical Greek Grammar they will have learned: The Greek Alphabet Vocabulary for words occurring 50 times or more in the Greek New Testament The Greek noun system The Greek verbal system, including indicative and nonindicative verbs, and participles A robust suite of learning aids is available for purchase to be used alongside the textbook to help students excel in their studies. These include a workbook, video lectures for each chapter featuring the author, flashcards keyed to vocabulary in each chapter, a laminated quick study sheet with key concepts, and audio of the vocabulary for each chapter to aid in acquisition. This expanded workbook is designed with you, the student, in mind and intended for use with the standard-setting Basics of Biblical Greek textbook, now in its third edition. Two optional chapters have been added to the Basics of Biblical Greek Workbook, allowing you to read large chunks of the biblical text and enjoy the fruits of your labor faster than ever before. Each chapter is divided into six sections and includes extensive exercises and significant biblical passages for translation. One of the most helpful and unique features of the workbook remains. You can go through the workbook on one of two tracks: Track 1 follows the workbook (and textbook) in its regular order, while Track 2 is organized so you can learn verbs earlier in the course. Not only is the flexible two-track system even easier to use online, but a workbook answer key is also provided. Many other resources are available, including vocabulary flashcards; video and audio helps; Greek fonts; quizzes for each chapter; fun songs and games; and much, much more. From their decades of combined teaching experience, Andreas J. Köstenberger, Benjamin L. Merkle, and Robert L. Plummer have produced an ideal resource enabling students to improve their skills so they may properly read, exegete, and apply the Greek New Testament. Designed for those with a basic knowledge of Greek, Going Deeper with New Testament Greek is a user-friendly textbook for intermediate Greek

courses at the college or seminary level. In fifteen chapters, students learn Greek grammar and how to interpret the New Testament in a way that is accessible—and even fun. Also included are chapters on the Greek language and textual criticism, verbal aspect, sentence diagramming and discourse analysis, word studies, and continuing with Greek. Unique features include: Practical examples illustrating how knowing the content of a given chapter can guide proper interpretation of Scripture. Practice sentences and vocabulary lists, including all the words that occur fifteen times or more in the New Testament. Selected texts from every New Testament author for students to translate along with detailed reading notes to guide interpretation of each text. Summary charts to help students review material, serving as a handy study guide and quick reference tool. Additional resources for students and instructors available at deepergreek.com The purpose behind this book is to show that Greek is very regular in the way it forms words—if you know the rules. It explains why Greek words do what they do, in a way that second-year Greek students can understand. Can be used with the author's Analytical Lexicon to the Greek New Testament. For the first time, a workbook with thousands of supplemental learning exercises is offered to accompany David Alan Black's popular Learn to Read New Testament Greek textbook. The Workbook focuses on exercises and practice for the self-study learner, or for individuals who wish to review or prepare for coursework in New Testament Greek. No prior knowledge of Greek is necessary. Answers, in the form of keys for each exercise, are available on the same or following page. An explanation of some aspect of Greek grammar is given as part of each lesson, with the emphasis on exercises and practice with immediate feedback. A website is part of the Workbook package; it includes sound files of New Testament Greek, and other resources. Readers are invited to submit questions via the website. Topics covered include: the alphabet and pronunciation; accents and breathing marks; conjugation of verbs in the present indicative; second declension masculine and neuter nouns; first declension feminine and masculine nouns; noun cases; use of the nominative and accusative cases as subject and direct object; the Greek article; use of the genitive

case to indicate possession or belonging; the verb 'to be'; punctuation; prepositions and the prepositional phrase; substantive, attributive, and predicate adjectives. Appendices list further resources in koine Greek, along with an index of Greek words used and a general index. This book is the first in a series; further volumes will work through progressively more difficult topics in koine Greek. The second volume is available now. From their decades of combined teaching experience, Benjamin L. Merkle and Robert L. Plummer have produced an ideal resource for novice Greek students to not only learn the language but also kindle a passion for reading the Greek New Testament. Designed for those new to Greek, *Beginning with New Testament Greek* is a user-friendly textbook for elementary Greek courses at the college or seminary level. Features of *Basics of Biblical Hebrew Grammar, Second Edition* text: * Combines the best of inductive and deductive approaches * Uses actual examples from the Hebrew Old Testament rather than 'made-up' illustrations * Emphasizes the structural pattern of the Hebrew language rather than rote memorization, resulting in a simple, enjoyable, and effective learning process * Colored text highlights particles added to nouns and verbs, allowing easy recognition of new forms * Chapters Two (Hebrew Vowels), Nine (Pronominal Suffixes), Seventeen (Waw Consecutive), Eighteen (Imperative, Cohortative, and Jussive), and Twenty-Three (Issues of Sentence Syntax) are revised and expanded * Section of appendices and study aids is clearly marked for fast reference * Larger font and text size make reading easier * Updated author website with additional Hebrew language resources and product information (www.basicsofbiblicalhebrew.com) Features of updated CD-ROM: * Full answer key to the accompanying workbook (compatible with Windows and Macintosh) * Scripture indexes to both the grammar and the workbook * FlashWorks™, a fun and effective vocabulary-drilling program from Teknia Language Tools * Links to additional resources accessible with internet connection This workbook is designed to accompany *An Introduction to Biblical Greek Grammar*, which focuses on the linguistic and syntactic elements of Koine Greek to equip learners for accurate interpretation. It reinforces key concepts student learn through

parsing and translation exercises for each chapter. All texts are taken from the Greek New Testament and the Septuagint and include extensive syntactical and exegetical notes to aid students. In *An Introduction to Biblical Greek Grammar*, author Dana Harris draws upon twenty years of Greek teaching experience and the latest developments in linguistics and syntax to introduce students to basic linguistic concepts and categories necessary for grasping Greek in ways that are clear and intuitive. This solid foundation enables students first to internalize key concepts, then to apply and build upon them as more complex ideas are introduced. Several features are specifically designed to aid student's learning: Key concepts are graphically coded to offer visual reinforcement of explanations and to facilitate learning forms and identifying their functions Key concepts are followed by numerous examples from the Greek New Testament Students learn how to mark Greek texts so that they can begin to "see" the syntax, identify the boundaries of syntactic units, and construct syntactic outlines as part of their preaching or teaching preparation Four integrative chapters, roughly corresponding to the midterms and final exams of a two-semester sequence, summarize material to date and reinforce key concepts. Here students are also introduced to exegetical and interpretive concepts and practices that they will need for subsequent Greek studies and beyond. "Going Deeper" and "For the Curious" offer supplemental information for students interested in learning more or in moving to advanced language study. *Basics of Biblical Greek Vocabulary Cards* by William D. Mounce is intended to accompany the fourth edition of *Basics of Biblical Greek Grammar*. The vocabulary cards provide beginning students essential help in vocabulary acquisition of the Greek New Testament. Cards are numbered according to word frequency. Features include: The number of times the word occurs in the New Testament Verbal roots Keyed to *Basics of Biblical Greek* This is a companion volume to *Greek for the Rest of Us* by William D. Mounce. This book is a guide for English-only readers to understand the language of the Old Testament just enough to work with the Old Testament in more detail and to understand the scholarly literature on the Hebrew Bible. Its specific aims are to aid students to

learn (1) why translations differ, (2) how to do Hebrew word studies, (3) what the basics of Hebrew exegesis are, and (4) how to read more advanced Old Testament commentaries with greater understanding. Hebrew for the Rest of Us is set up in a workbook format. Biblical Greek: A Compact Guide, Second Edition by William D. Mounce is a handy, at-a-glance reference for students, pastors, and teachers. It follows the organization and format of the fourth edition of Basics of Biblical Greek Grammar, but it's also usable by students who learned with a different grammar. By limiting its discussion to the "nuts and bolts," Greek language students working on translation and exegesis will more quickly and easily find the relevant grammatical refreshers. Students can, for example, check on the range of meaning for a particular word or make sure they remember how aorist participles function in a sentence. The paradigms, word lists, and basic discussions in Biblical Greek: A Compact Guide, Second Edition points students in the right direction and allow them to focus on more advanced Greek study. Greek for the Rest of Us Workbook is a companion to the 3rd edition of Greek for the Rest of Us (sold separately) by William D. Mounce. This workbook provides exercises to help readers practice and review, so they learn the essentials of biblical Greek more effectively and can study the New Testament more deeply. This easy-to-understand book includes everything you need to learn Biblical Aramaic, including a lexicon of Biblical Aramaic, the complete annotated text of all 269 Bible verses written in Aramaic, and chapter exercises with an answer key. The Access Card for Basics of Biblical Greek Interactive Workbook is only for students enrolled in a course at an institution that utilizes the Blackboard Learn platform . The card provides users with entry into a collaborative workbook tool for instructors and students, designed for use on the Blackboard Learn platform. The workbook is integrated for use with William Mounce s Basics of Biblical Greek Grammar and Basics of Biblical Greek Video Lectures (36 lessons), both available separately." For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of

biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry (Vine's separates them) Employs both Strong's and G/K numbering systems (Vine's only uses Strong's) Mounce's accuracy is endorsed by leading scholars This updated workbook is designed with the student in mind and intended for use with the standard-setting Basics of Biblical Hebrew Grammar textbook, now in its third edition. In addition to corresponding to the revisions and updates in Basics of Biblical Hebrew Grammar, this workbook includes significant changes to the interior presentation; less unnecessary questions and exercises; and six reading texts interspersed among the exercises for the derived stems. The workbook is an essential chapter-by-chapter companion and includes helpful exercises and translation homework. As students complete the assignments in the workbook, the concepts they have been learning from the main grammar are reinforced, making this an invaluable study tool to enhance student learning.
