The Spiritual Science of the Vedas: An Advanced Exploration of Vedic Lore May 21 2020 The writings of the Vedic scriptures are so important that they can create a veritable paradigm shift in human society, having the power to uplift, purify, and integrate human consciousness. Nithin Prakash Gukhool highlights how the information era has resurrected ancient India in this advanced study of Vedic lore. He pieces together three aspects of Vedic knowledge: Vedic philosophy, the esoteric energy kundalin unraveled within the Vedas, and cutting-edge Vedic science relevant to the modern world—especially students. He also shares

his knowledge of meditation through his own spiritual awakening, expounding on the latest findings on the scientific contribution of the rishis. Throughout his analysis, he explores why Vedic teachings are so relevant today. Find out why Hinduism and the Vedas are not merely a religion but elegant, scientific pursuits—and embark on a quest for truth with the knowledge and insights in *The Spiritual Science of the Vedas*.

The Journey Through Four Seasons of Life Nov 07 2021 This is a success story about the journey of life of a village boy from a poor big family. The three stages of life are classified as the learning stage, working phase and yearning or retiring stage. These three stages of his life can be compared to the four seasons. The book has seven chapters. The first chapter consists of the author's general philosophy of life, his habits of meditation, his drill strategy to enhance skills of his game, basketball, his secrets of his study strategy, his discoveries of his talents as a writer, investor and entrepreneur, his financial planning, his family achievements and his super physical health. The second chapter provides the necessary ingredients, information and knowledge that help him in building his financial security. It gives a full description of his strategies building many linear incomes as well as residual income. All these efforts make him a wealthy man. The third chapter is full of information and knowledge to help him living a healthy and fulfilled life. They are plenty examples of life-style for anyone who cares to live healthily. The fourth chapter gives a full description of his three stages of life including his family history, his struggle from birth to fifteen years old. The experiences of a

terrible childhood and child labor. This is comparable to the winter season of his life. His spring season of life begins when his sister gave him the opportunity to study secondary school in the city of Penang. He made full use of the period moving from secondary school to teacher training college and the university. His interest in his game propels him to be a basketball star player. Chapter five gives an account of his working life. After graduating from the university, he begins his summer season of his life. His chosen career as a professional teacher becomes his calling and he makes full use of available talents in writing to secure his financial security. His motivation, experiences and contribution give him an edge and he moves up the ladder of success. He was not only a successful mathematics teacher and an excellent administrator as his school principal; he is also a successful writer, investor and entrepreneur, making him a wealthy man. At the age of fifty-one, he accomplished his mission seeing all his projects completed, he took his optional retirement. He left for Australia to pursue his doctoral study. Chapter six gives an account of the autumn season of his life. He continues to write, invest and learn. He keeps fit and continues playing his game, tennis. He keeps fit and enjoys his retirement. Chapter seven tells a new story. He embarks on a new adventure called Quantum Jumping. He provides many successful quantum jumps to heal his headache, to learn new concept, to achieve new abundance, wealth, to gain happiness, to increase his excitement in happy marriage, and finally acquiring joy of his life. The journey is well-travelled.

NHS Jargon Explained Oct 14 2019 Why is TALOIA banded about in clinics and on wards? Who - or what - is DAN? If someone mentioned Practice Based Commissioning or the Standardised Mortality Ratio, would you understand what they meant? Like any specialised area, the NHS generates clouds of terms, acronyms and shorthand vital for those in the know but virtually impenetrable to outsiders or those new to healthcare. New acronyms or the jargon of areas outside their immediate expertise can be utterly baffling even to old hands. This book brings together an up-to-date, clearly explained glossary of specialised terminology and acronyms used at all levels of the NHS, from primary care surgeries to hospital wards, admin departments to executive boardrooms. It is essential reading for workers in the NHS at all levels, including managers, administrators and clinical professionals, and for managers and staff at commercial companies working with the NHS. Specialty registrars and consultants can also find this information, and much more, in The Doctor's Handbook Parts 1 and 2, by the same author. NHS Jargon Explained will also be of interest to campaigners, patient interest groups, researchers and journalists, and patients and their relatives may also find it useful and enlightening! 'There is no more important time than now to have a quick reference guide that

enables the greatest number of people to quickly come to terms with the language of the health service. I welcome this book for being both comprehensive and concise'- from the Foreword by Sir Ian Carruthers

Singapore National Bibliography Feb 16 2020

Medicine and the Workhouse Jul 23 2020 This is the first book to examine the history of the medical services provided by workhouses, both in Britain and its former colonies, during the eighteenth and nineteenth centuries.

Forming the Academic Profession in East Asia Mar 31 2021 Originally published in 2001, Forming the Academic Profession in East Asia, examines the changing shape of the academic profession in South Korea, Malaysia and Singapore since the colonial period, and as a reflection of both the inherited models of higher education and their redefinition after the colonial period. The analysis takes into account the connections and disconnections between the colonial and postcolonial periods in shaping the academic profession.

WHEN THE CHICKEN DIES, EVERYONE CRIES Apr 19 2020 The most compelling LEADERSHIP WISDOM can come from the most UNEXPECTED PLACE. In a corporate jungle obsessed with hype, office politics and the never-ending race for promotion and

power, textbook leadership skills are failing to bridge the gap between management and their most precious commodity – people. From her humble roots growing up in a Malaysian village, Boonsiri Somchit shows what it takes to truly engage and lead from the heart. Taking inspiration from her childhood adventures with her rag-tag gang, Boonsiri brings her authentic insights to leadership, life and dealing with rogue chickens.
