A lush, sweeping queer historical romance from the USA Today bestselling author of *Husband Material*—perfect for fans of Netflix's *Bridgerton*, *Evie Dunmore*, and *Lisa Kleypas*! When Viola Carroll was presumed dead at Waterloo she took the opportunity to live, at last, as herself. But freedom does not come without a price, and Viola paid for hers with the loss of her wealth, her title, and her closest companion, Justin de Vere, the Duke of Gracewood. Only when their families reconnect, years after the war, does Viola learn how deep that loss truly was. Shattered without her, Gracewood has retreated so far into grief that Viola barely recognises her old friend in the lonely, brooding man he has become. As Viola strives to bring Gracewood back to himself, fresh desires give new names to old feelings. Feelings that would have been impossible once and may be impossible still, but which Viola cannot deny. Even if they cost her everything, all over again. Crappy job. Yes. Take back an annoying ex. Definitely no. Hit on the sexy new firm partner looking him over...maybe? For Aaron Cambrian, life is lived by checklists. No matter how promising, everything - jobs, potential partners, cars, drinks, food, etc. - needs to meet all his criteria or he walks away. Everything changes one night at the cocktail bar when his best friend challenges Aaron to abandon his list and ask the first hot guy who catches his interest if he can buy him a drink. Thanks to his old nemesis alcohol, Aaron takes the dare. The next thing he knows, he finds himself in the condo of an absolute stranger! It was supposed to be one drink. One accidental kiss... Good thing he'll never see the guy again. Wrong! When the sexy new partner at Kimball & Marks law firm turns out to be the hot stranger, Aaron is faced with a life-changing decision: keep the checklist or lose the hottest, most frustrating man who ever stole his heart. When two "big name fans" go head-to-head at a convention, love isn't the only thing at stake. Charming, charismatic, and effortlessly popular, Conrad Stewart seems to have it all...but in reality, he's scrambling to keep his life from tumbling out of control. Brilliant, guarded, and endlessly driven, Alden Roth may as well be the poster boy for perfection...but even he can't help but feel a little broken inside. When these mortal enemies are stuck together on a cross-country road trip to the biggest fan convention of their lives, their infamous rivalry takes a backseat as an unexpected connection is forged. Yet each has a reason why they have to win the upcoming Odyssey gaming tournament and neither is willing to let emotion get in the way—even if it means giving up their one chance at something truly magical. From the acclaimed author of *Boyfriend Material* comes a delightfully witty romance featuring a reserved duke who's betrothed to one twin and hopelessly enamoured of the other. Valentine Layton, the Duke of Malvern, has twin problems: literally. It was always his father's hope that Valentine would marry Miss Arabella Tarleton. But, unfortunately, too many novels at an impressionable age have caused her to grow up...romantic. So romantic that a marriage of convenience will not do and after Valentine's proposal she flees into the night determined never to set eyes on him again. Arabella's twin brother, Mr. Bonaventure "Bonny" Tarleton, has also grown up...romantic. And fully expects Valentine to ride out after Arabella and prove to her that he's not the cold-hearted cad he seems to be. Despite copious misgivings, Valentine finds himself on a pell-mell chase to Dover with Bonny by his side. Bonny is unreasonable, overdramatic, annoying, and...beautiful? And being with him makes Valentine question everything he thought he knew. About himself. About love. Even about

which Tarleton he should be pursuing. Author Ann Marie Walker brings you a laugh-out-loud romantic comedy that'll warm your heart for Singles Day (the true anti-Valentine's Day!) and every day after! Single and proud of it! Oh, oops... As a Certified Professional Organizer, everything in Paige Parker's world is as it should be. Perfect apartment, perfect office, perfect life. And now, the perfect vacation planned to celebrate Singles Day. After all, what's better than celebrating her pride in being single? Because who needs a man anyway? They have zero taste in quality television, leave the toilet seat up, and sleep with your best friend. No thanks. Her life is fine just the way it is. As the owner of a now-dormant bed & breakfast, single dad Lucas Croft finally has some peace and quiet. It's only him and his five-year-old daughter, which is just the way he likes it. Because who needs a woman anyway? They nag you to clean up your stuff, want the toilet seat put down, and expect the dishes to be done the same day the meal is cooked. No thanks. His life is fine just the way it is. But when Paige books a room that Lucas' well-intentioned sister listed without his knowledge, their two worlds collide. If they can survive the week together, they just might discover exactly what they've both been missing. "Adorable, romantic, funny, and sexy!"—Kirkus Reviews for *Black Tie Optional* I like my women like I like my whiskey: embroiled in a magical war Ten years ago I fought for the Witch Queen of London in a mystical showdown against a King Arthur wannabe with a shaved head and a shotgun. Back then, the law did for him before he could do for us. I don't think we'll get that lucky again. As if the mother of all wizard battles wasn't bad enough, fate or destiny or a god with a really messed-up sense of humor has dropped a weapon that could rewrite the universe right into the middle of London, and anybody with half a sniff of arcane power has rocked up to stake their claim on it. Last time this happened, the city went to pieces. This time, it might just go to Hell. Also, still dating a vampire. Still got an alpha werewolf trying to get in my pants. Still sharing a flat with a woman made of animated marble—only now apparently there are two of her. But you know what they say: the more things change, the more they stay the same crap that's been trying to kill you your entire life. This book is approximately 96,000 words Bookstore owner Aubrey Barnes likes his quiet, orderly London life, thank you very much. His shop may be struggling, his only employee is a menace, and his plumbing is one creaky pipe away from disaster, but he can handle it. Maybe. He cannot, however, handle the film company that's thrown his Soho street into chaos. And he definitely can't handle the charismatic American actor Blake Sinclair. Which is why he's extremely reluctant to lease out his shop as a set for Blake's film, but it's his one opportunity to save his business. Now he can't get away from the distractingly hot actor. Then Aubrey finds himself alone with Blake in a trailer, and what happens next turns London's heat wave into an inferno that leaves him breathless. Aubrey is not cut out for the high-profile life of dating a celebrity, especially an American actor who's not even out yet. Good thing their tryst is absolutely not going anywhere. Of course, when you expect nothing, that's exactly when it starts to mean everything. Can the full paid-up pansy make things right with the pink-tipped hipster? Alfie Bell is . . . fine. He's got a six-figure salary, a penthouse in Canary Wharf, the car he swore he'd buy when he was eighteen, and a bunch of fancy London friends. It's rough, though, going back to South Shields now that they all know he's a fully paid-up pansy. It's the last place he's expecting to pull. But Fen's gorgeous, with his pink-tipped hair and hipster glasses, full of the sort of courage Alfie's never had. It should be a one-night thing, but Alfie hasn't met anyone like Fen before. Except he has. At school, when Alfie was everything he was supposed to be, and Fen was the stubborn little gay boy who wouldn't keep his head down. And now it's a proper mess: Fen might have slept with Alfie, but he'll probably never forgive him, and Fen's got all this other stuff going on anyway, with his mam and her flower shop and the life he left down south. Alfie just wants to make it right. But how can he, when all they've got in common is the nowhere town they both ran away from. "Absolutely unputdownable! A young widow must face the grief she's always set aside when an unexpected delivery throws her life into disarray Twenty-nine-year-old Charlotte Rosen has a secret: she's a widow. Ever since the fateful day that leveled her world, Charlotte has worked hard to move forward. Great job at a hot social media analytics company? Check. Roommate with no knowledge of her past? Check. Adorable dog? Check. All the while, she's faithfully data-crunched her way through life, calculating the probability of risk—so she can avoid it. Yet Charlotte's algorithms could never have predicted that her late husband's ashes would land squarely on her doorstep five years later. Stunned but determined, Charlotte sets out to find meaning in this sudden twist of fate, even if that includes facing her perfectly coiffed, and perfectly difficult, ex-mother-in-law—and her husband's best friend, who seems to become a fixture at her side whether she likes it or not. But when her quest reveals a shocking secret, Charlotte is forced to answer questions she never knew to ask and to consider the possibility of forgiveness. And when a chance at a new life arises, she'll have to decide once and for all whether to follow the numbers or trust her heart. This is the FoxTales edition of the book previously published by Samhain Publishing. Other than the cover art and description, the book is the same.

Hundreds of years ago, on a wild sea coast, two bold-hearted men met in combat and love...This is the story of Caius, a Christian monk struggling to reconcile his sensual nature with his newfound faith, and of Fenrir, a ferocious Viking raider abandoned by his comrades and left for dead. When Caius takes pity on the wounded man, his brethren are horrified: what kind of wolf has Cai brought into the fold? But only when Cai and Fen join forces can the monastery of Fara be saved from the raiders from the east. And Fara holds a secret worth guarding, a legendary amulet with the power to bind even the might of the Vikings. Fen, his heart divided between old loyalties and a new love, must make a decision which could shatter his own heart and Cai's into the bargain. Will there ever be peace and a future for these brothers of the wild North Sea? I like my whiskey like I like my women: stretching a metaphor way too far. A couple of years ago I screwed up so badly that everybody I remotely cared about wound up dead, nearly dead, or just plain betraying me. Some days, I'm sober enough to care. My list of "things I really don't need right now" starts with a condescending octogenarian werewolf having a go at me for banging a Marchioness. As for where it ends, try the disembodied spirit of my ex-girlfriend stalking me in my dreams, a vindictive wizard-vampire from the first century on a vengeance crusade, being hired by the magical twin of my disanimated best friend and, oh yes, having to find the actual Holy Grail. If I was a better person, I'd take this opportunity to put my life together. I'd find a way to fix everything I broke, save everybody I let down, and maybe pay a certain vampire back for leaving me to die. But I'm not a better person. I'm a hard-drinking half-faery train wreck on legs and if I hated myself less I might even say I liked it that way. Can an up-and-coming horror actress and the makeup artist for her newest "creature feature" turn on-set chemistry into the romance of a lifetime? Lilah Silver's a young actress who dreams of climbing

out of B-list stardom. She's been cast as the lead in what could be her breakout performance...but if she wants to prove herself to everyone who ever doubted her, she's going to need major help along the way. Noa Birnbaum may be a brilliant makeup artist and special effects whiz-kid, but cracking into the union is more difficult than she imagined. Keeping everyone happy is a full-time job, and she's already run ragged. And yet when the beautiful star she's been secretly crushing on admits to fears of her own, Noa vows to do everything in her power to help Lilah shine like never before. Long hours? Exhausting work? No problem. Together they can take the world by storm...but can the connection forged over long hours in the makeup chair ever hope to survive the glare of the spotlight? Previously published; newly revised by author I like my women like I like my whiskey: liable to kill me. The two parts of being a paranormal private investigator I could really do without are being forced to eat bananas by an animated statue with a potassium fixation, and being put on trial for murder by a self-appointed council of vampire oligarchs. To be fair, I did kind of do it (the murder, not the bananas). But I was kind of saving my girlfriend, who is kind of one of them. On top of this, I've also wound up with a primordial queen of the damned trying to strangle me in my dreams. And the conspiracy of undead wizards who tried to sacrifice me fifteen years ago has decided that now is the best possible time to give it another go. Throw in the woman who left me for a tech start-up, the old girlfriend who I might sort of owe eternal mystical fealty to and a werewolf "it girl" who can't decide if she wants to eat me in the good way or the bad way, and I'm beginning to think life would be easier if I made better choices. Then again, it'd be a whole lot less fun. This book is approximately 98,000 words So, yeah, I play Heroes of Legend, y'know, the MMO. I'm not like obsessed or addicted or anything. It's just a game. Anyway, there was this girl in my guild who I really liked because she was funny and nerdy and a great healer. Of course, my mates thought it was hilarious I was into someone I'd met online. And they thought it was even more hilarious when she turned out to be a boy IRL. But the joke's on them because I still really like him. And now that we're together, it's going pretty well. Except sometimes I think Kit--that's his name, sorry I didn't mention that--spends way too much time in HoL. I know he has friends in the guild, but he has me now, and my friends, and everyone knows people you meet online aren't real. I mean. Not Kit. Kit's real. Obviously. Oh, I'm Drew, by the way. This is sort of my story. About how I messed up some stuff and figured out some stuff. And fell in love and stuff. His rock star parents split when he was young, and the father he's never met spent the next twenty years cruising in and out of rehab. Now that his dad's making a comeback, Luc's back in the public eye, and one compromising photo is enough to ruin everything. To clean up his image, Luc has to find a nice, normal relationship...and Oliver Blackwood is as nice and normal as they come. He's a barrister, an ethical vegetarian, and he's never inspired a moment of scandal in his life. In other words: perfect boyfriend material. Unfortunately, apart from being gay, single, and really, really in need of a date for a big event, Luc and Oliver have nothing in common. So they strike a deal to be publicity-friendly (fake) boyfriends until the dust has settled. Then they can go their separate ways and pretend it never happened. But the thing about fake-dating is that it can feel a lot like real-dating. And that's when you get used to someone. Start falling for them. Don't ever want to let them go. Discover the LGBT romance about exact opposites falling in perfectly imperfect love that New York Times and USA Today bestselling author CHRISTINA LAUREN calls "hilarious, witty, tender, and stunning." "First rule in this line of business: don't sleep with the client." My name's Kate Kane, and when an eight-hundred-year-old vampire prince came to me with a case, I should have told her no. too deep, and before you know it, someone winds up dead. Last time it was my partner. This time it could be me. Yesterday a werewolf was murdered outside the Velvet, the night-time playground of one of the most powerful vampires in England. Now half the monsters in London are at each other's throats, and the other half are trying to get in my pants. The Witch Queen will protect her own, the wolves are out for vengeance, and the vampires are out for, y'know, blood. I've got a killer on the loose, a war on the horizon, and a scotch on the rocks. It's going to be an interesting day. Laurence Dalziel is worn down and washed up, and for him, the BDSM scene is all played out. Six years on from his last relationship, he's pushing forty and tired of going through the motions of submission. Then he meets Toby Finch. Nineteen years old. Fearless, fierce, and vulnerable. Everything Laurie can't remember being. Toby doesn't know who he wants to be or what he wants to do. But he knows, with all the certainty of youth, that he wants Laurie. He wants him on his knees. He wants to make him hurt, he wants to make him beg, he wants to make him fall in love. The problem is, while Laurie will surrender his body, he won't surrender his heart. Because Toby is too young, too intense, too easy to hurt. And what they have—no matter how right it feels—can't last. It can't mean anything. It can't be real.

When Ms. Haas is enlisted to solve a case of blackmail against one of her former lovers, Miss Eirene Viola, Captain Wyndham is drawn into a mystery that leads him from the salons of the literary set to the drowned back-alleys of Ven and even to a prison cell in lost Carcosa. Along the way he is beset by criminals, menaced by pirates, molested by vampires, almost devoured by mad gods, and called upon to punch a shark. But the further the companions go in pursuit of the elusive blackmailer, the more impossible the case appears. Then again, in Khelathra-Ven reality is flexible, and the impossible is Ms. Haas' stock-in-trade.
